WILL NOT RECOGNIZE MEXICAN CONGRESS

Library of Congress

Secretary Bryan Gathers the Ministers from Latin America Together.

OUTLINES THE SITUATION

Gen. Porfirio Diaz Advises Huerta to Resign Position as a Matter of Patriotism—To Save Country from Calamity.

Washington, Nov. 10.—Developments in the Mexican situation here today tended to emphasize a purpose on the part of the Washington government to refuse to recognize any of the acts of the new Mexican Congress and brought to light the fact that serious consideration was being given by President Wilson to the question of permitting exportation of arms to all factions in the Southern Republic.

Secretary Bryan had a long conference with Senor Algara, charge d'affaires of the Mexican embassy, during which it is understood he said the United States considered the election of Congressmen equally as invalid as the voting for President and Vice President.

The Secretary summoned the ministers from five Central American countries and outlined to them in general what had been done by the United States in its diplomatic parleys with the Huerta government. Later he announced that he also had been in communication with the diplomatic representatives of the European powers and had informed them in general terms of the steps taken by the United States thus far.

It was reported that some of these diplomats transmitted long dispatches to their home governments today, describing the situation as approaching closer to a complete break in relations between the United States and Mexico than at any time since the Mexican problem became troublesome.

The State Department made public Huerta's note to the diplomatic corps in Mexico City at midnight last Saturday the burden of which was that the Presidential election would be null and void, but that the newly elected members of Congress soon would be installed; that the National legislature would soon resume the legislative powers which Gen. Huerta had seen fit to assume during the interim between the arrest of the deputies for sedition and the induction of the new members of Congress.

Note is An Answer.

In view of the fact that the note recited in detail Huerta's defense of his assumption of executive authority and his arrest of the deputies and gave also his programme for the future, it was taken by many diplomats as an obvious reply to the American suggestion that he eliminate himself. The Mexican embassy here, which received a copy of the note, declared in an official statement that "it may be assumed that the dispatches received represent the attitude of President Huerta and indicate the nature of his reply to the inquiry of the government of the United States regarding his purpose in view of the recent presidential elections."

White House officials called attention to what seemed to them as an inconsistency in the Huerta note wherein it assumed as valid the election of Congressmen which were held simultaneously with the voting for President and Vice President, to be declared by Huerta null and void.

The purpose of the United States neither to recognize Huerta's right to continue in power nor the acts of the new Congress is the essence of what has been communicated to the foreign diplomats by this government. Future steps have not been specifically outlined. In fact, it is understood that while the policy of the government has been to keep foreign nations continually informed, there has been no direct effort to seek support of the powers of the American programme. There is no secret, however, of the desire of the United States for the acquiescence of the powers in its policy.

The trip to the Arizona border of William Bayard Hale, on previous occasions personal representative of President Wilson in Mexico, and the wide discussion of the question of raising the embargo has excited considerable interest.

Secretary Bryan when questioned about Mr. Hale's status said merely: "Mr. Hale is at Tucson, Ariz." He was unwilling to be pressed further.

Hale Studying Question.

Mr. Hale for several months has been studying the Mexican question and his visit to the border is thought to be one of official nature by which the Washington government hopes to get information about the strength and purposes of the Constitutionalist movement and perhaps the efficacy of raising the embargo on arms. Mr. Bryan denied incidentally that any negotiations were being conducted with the constitutionalists by the United States government.

The question of exporting arms to Mexico has raised the point in official circles of whether the President, by executive activity could let down the bars or action by Congress would be necessary.

The joint resolution of May 14, 1913, prohibited exportation of arms and munitions of war to countries in Central and South America where domestic violence exists with such exceptions as the President deems expedient. Such exceptions hitherto have been only to a legally constituted government, President Taft making the exception in favor of the Madero administration at the time of the Orozco rebellion.

Many persons have suggested to the President that a repeal of the

DOINGS OF THE FLEET ABROAD

American Blue Jackets Prove Very Popular Visitors at Malta and Are Treated to Big Afternoon—See Troops.

Malta, Nov. 10.—The officers and the sailors of the battleship Wyoming, flagship of the United States squadron visiting European ports are regarded as the most popular visitors to the islands for many years. They are enjoying their stay so much that they express regret at its brevity. Their lavish expenditure has made business of all kinds very brisk.

Gen. Sir Henry MacLeod Leslie Rundle, the Governor and commander-in-chief of Malta, was the guest today at luncheon on board the Wyoming of Rear Admiral Charles J. Badger.

Enormous crowds visited the Wyoming during the day and naval experts among them were greatly impressed by her size and powerful construction.

In the evening Rear Admiral Badger, Capt. Frederick L. Chapin and the other officers of the Wyoming were the guests at dinner of Rear Admiral Sackville H. Carden, superintendent of the Malta dock yard. The Floriana parade ground was the scene this afternoon of unwonted animation on the occasion of a musical performance by the massed bands of the entire British infantry in honor of the American visitors. The Governor, Gen. Sir Henry Rundle, and Lady Rundle, Rear Admiral Badger and other American officers occupied reserved enclosures, while the whole district was packed with many thousands.

The warmest spirit of comradeship prevailed, and the American visitors were highly gratified at the heartiness of their reception. The British and American National anthems evoked much enthusiasm, the whole assembly standing at salute.

The Wyoming sails for Naples at daylight.

Beatty Warmly Thanked.

Genoa, Nov. 10.—Rear Admiral

Anti-Saloonists Urge Prohibition

Columbus, Ohio, Nov. 10.—Speeches urging a movement for nation-wide prohibition and sounding a note of cooperation in fighting the liquor forces, marked the enthusiastic opening here tonight of the 15th annual convention of the Anti-Saloon League of America.

No rest until nation-wide prohibition has been attained was the theme of an address of Bishop Luther B. Wilson, of New York, president of the League.

Wayne B. Wheeler, of Columbus, superintendent of the Ohio Anti-Saloon League, said:

"This country has been moving on since those few earnest souls met in Oberlin, Ohio, in 1893, to lay the foundation for this great movement. Practically every State in the Union has been organized on the omni-partisan, inter-denominational basis."

Mention of Woodrow Wilson by John G. Woolley, of Madison, Wis., former prohibitionist candidate for President, was the signal for long cheers. He quoted a paragraph of President Wilson's inaugural address referred to 'forward looking men," saying that the temperance forces must have such men in their ranks.

One of the speakers tonight was Governor Ben W. Hooper, of Tennessee, a Republican, twice elected Governor of a Democratic State, with the assistance of a temperance element of both old parties. He said:

"The enactment in Tennessee of State-wide prohibition and an honest election law in 1909, was only the beginning of genuine hostilities between the liquor forces and the forces of law and order and the end is not yet.

"Ultimately the law-abiding people of Tennessee will completely triumph in their contest with the whiskey power. This consummation will be wrought by the same method that has been utilized for several years, the coalition of the temperance element in both of the old parties."

HEARING SET FOR APRIL.

Virginia-West Virginia Controversy Over Interest on Debt.

Washington, November 10.—The Supreme Court today declined to grant the request of the State of Virginia to enter an immediate order for West Virginia to pay at once its share of Virginia-West Virginia debt.

The case was set down for hearing in April, if the States do not before that time agree to the amount of interest to be paid, the only point remaining unsettled.

Chief Justice White said that the latter action was taken so that the matter might be determined at this term, which ends the first of next June.

BARGE DASHED ASHORE.

J. R. Tell, Lumber Laden, is on Cape Lookout Beach.

Beaufort, N. C., November 10.—Without a soul aboard the barge J. R. Tell, lumber laden, was dashed ashore at Cape Lookout Beach today during a raging Southwest gale. The vessels's boat was lashed to the cabin top and it is believed that the crew was taken off at sea by the tug that had her in tow.

LONG-LIVED FIGHT FINALLY SETTLED

Controversy Between Conductors and Eastern Railroads Ended Last Night.

GIVEN 7 PER CENT. INCREASE

The Trouble at One Time Threatened a Walk-out Affecting All Roads East of the Mississippi River—Half of Demands.

New York, November 10.—The long-lived controversy between railroads of the East and their conductors and trainmen over the latter's demands for more pay ended tonight. The employes are granted an increase in wages averaging 7 per cent. and totalling $6,000,000 annually—about one-half of what they wanted from October 1st, last, effective for one year. One hundred thousand men will share in the increase.

Arbitration was accomplished under the Newlands amendment to the Erdman act. The controversy threatened at one time to tie-up by strike the transportation facilities of all States east of the Mississippi river and north of the Ohio.

The award of the arbitration commission is binding and final. The two board representatives of the employes filed a minority report in addition and the two representatives of the 41 railroads a dissenting opinion.

In reaching its award the board ruled mainly against the employes on four out of five points submitted as reasons why the increase should be granted and found for them on the fifth—the increased cost of living. Since the last increase was granted, in 1909, the arbitrators found the cost of living has increased 7 per cent. Certain minor contentions embraced also were conceded to the employes. It was, therefore, more than a coincidence that the increase granted in wages is exactly the increase in the cost of living as outlined by documents introduced by the employes.

Cost of Living.

"The board does not found its action entirely upon the increased cost of living," reads the award, a document of 75 printed pages, though it looks upon this as basic.

Without attempting to standardize the rates of pay between railroad employes of the East and the West, the board asserts its belief that it is desirable but not possible at the present time. Upon this the award voices the opinion that Congress should make an inquiry as to whether there is any longer a substantial reason for the maintenance of a wage differential between the two sections.

"Such an inquiry ought to result in a recommendation," reads the award, "if it is found that such a differential ought to exist, as to what the differential should be. Those making the inquiry should be empowered to report upon existing wage scales in all territories for the purpose of ascertaining, if possible, a scientific basis for the payment of railroad employes to operate trains. This suggestion does not contemplate that the body making such inquiry should attempt to fix wages."

To Carry Out Inquiry.

It is suggested that the commission on industrial relations recently appointed by President Wilson might be competent to carry out the suggested inquiry.

Analysis of the vote on each article submitted by the trainmen reveals an almost unbroken coalition between the two representatives of the employes and the two independent members of the board with the railroad representatives opposing them. The articles are dealt with separately and fix the pay for various classifications of labor.

While technical in verbiage, they provide chiefly, that the monthly pay of employes in the passenger branch of the service shall be:

Conductors $135; baggage men $82.50; flagmen and rear brakemen $78; brakemen $76.50; overtime, per hour, conductors 45.7 cents; assistant conductors and ticket collectors 35.7 cents; baggage men 27.5 cents; flagmen and rear brakemen 26 cents; brakemen 25.5 cents.

For the freight service the chief awards are:

Through runs, conductor four cents a mile, flagmen 2.67 a mile, brakemen 2.67 a mile, any run less than 100 miles to be paid for as if it were 100 miles. In way freight, pick-up or drop, mine and roustabout service some minimum conductors are awarded $4.50 a day of 100 miles or less, ten hours or less, flagmen $2.10 and brakemen $3; overtime to be paid for as time and one-half.

To the award that overtime be paid for at one and one-half the regular rate the employes' representatives filed a minority report of protest. To the entire finding the railroads' representatives dissented.

Roads Contend a Loss.

The railroads' contention that they are between two horns of a dilemma from which there is no apparent escape—that they must either raise rates or cease raising wages—is dismissed by the arbitrators with this assertion:

"This board believes it must make its findings without any reference to the dilemma in which the railroads are evidently placed. The Inter-State Commerce Commission and not this arbitration board has the duty of determining whether the railroads can earn in addition to their other charges, without an increase in rates, the rates of pay that this board believes at the present time to be due to the conductors and trainmen."

However, the board calls the attention of the Inter-State Commerce Commission to the decrease of hazard

(Continued on Page Eight.)

CORN CROP VERY VALUABLE

This Year's Yield While Considerably Smaller Than Usual, Promises to be the Most Valuable Ever Produced.

Washington, Nov. 10.—This year's corn crop promises to be the most valuable this or any other nation ever has produced, although the Department of Agriculture's preliminary estimate of production, issued today, indicates it will be more than half a billion bushels less in size than the record crop of last year and the smallest since 1903.

Based on the department's figures of 70.7 cents per bushel, the average farm value on November 1st, the crop as now estimated, is worth $1,741,353,019, while the value of the 1912 record crop was $1,520,454,000. The previous most valuable crop was that of 1909, when it was worth $1,652,822,000.

The department's preliminary estimate of production today increased by 90,000,000 bushels the estimate made in October and also that made in September. This was taken to indicate that the damage from the very severe drought in the Middle West was somewhat overestimated.

The greatest damage from the drought is indicated in the figures for Kansas, which show the acre yield there to have been reduced to 3.2 bushels, compared with 23 bushels last year; in Missouri where the yield was 17.5 bushels compared with last year's 32 bushels, and in Oklahoma, where it was 11 bushels against 18.7 last year. In Illinois the yield was 13 bushels below last year's yield, in Iowa nine bushels, in Nebraska nine bushels; Indiana 3.7 bushels, and Ohio 5.2 bushels.

Fear Trouble Will Come from Verdict

Kiev, Russia, Nov. 10.—Mendel Beiliss, accused of the murder of the Christian boy, Yushinsky, was acquitted today.

"Beiliss is not guilty, but the murder was committed in the Zaiteff works." This was the verdict returned shortly after 6 o'clock tonight by the jury after two hours' deliberation.

When Beiliss was taken out of the prisoner's room for the last time it was seen that his guard had been increased to five soldiers. Two officers entered the dock with him. Beiliss was outwardly calm. The court was crowded, but the deepest silence followed the entry of the president and other judges. The jury then filed in, and the foreman read the verdict.

Beiliss was standing with his hands on the dock rails. He seemed to be in a state of coma. When he realized the meaning of the verdict he fell back into his seat sobbing convulsively. His counsel approached the dock and shook hands with him warmly.

The strictest precautions had been taken to prevent unauthorized persons from gaining access to the court. The police were in great force both without and inside the building. While the jury was deliberating a memorial service for the murdered boy, Yushinsky, was being held in St. Sophia Cathedral, within a stone's throw of the court. The Cathedral was thronged. The bishop urged the people to conform to the court's decision whatever it might be.

All afternoon the streets of Kiev were crowded and after the verdict was pronounced the police dispersed numerous gatherings all over the city.

An uneasy feeling prevails, for it is not known what capital the Black Hundred will make out of the jury's finding that the murder was committed in the Zaiteff Brock Works. Thus far, however, there have been no disorders.

The trial of Mendel Beiliss, a Russian of the Hebrew faith, for the alleged murder for purposes of "Blood Ritual" of Andrew Yushinsky, a Christian lad, began on October 8th.

The case caused an immense sensation.

The boy's mutilated body was discovered on March 25th, 1911, in a cave outside Kiev. There were 47 wounds in the body.

Beiliss soon was arrested. During

(Continued on Page Eight.)

OUTLINES

The American fleet is meeting with the warmest sort of welcome by all the Nations visited.

The corn crop this year while very much less than usual promises to be worth several hundred thousand dollars more than the largest crop on record.

The note issued to the foreign diplomats at Mexico City by Provisional President Huerta was last night given out by Secretary of State Bryan. It is a long anair but tells very little.

The proposed currency caucus is causing much trouble on the floor of the Senate. Senator Hitchcock has declared his intention of voting his own way no matter how the caucus rules.

The fight between the Eastern railroads and their conductors and trainmen has at last been settled. An average increase has been granted of seven per cent., amounting to about $6,000,000 a year.

A severe snow storm has swept the Northern States and has about put some cities out of commission. Cleveland, Ohio, was cut off from the outside world for 30 hours.

Mendel Beiliss, whose trial for the murder of the little Christian boy in Russia has attracted world-wide attention, was acquitted of the charge yesterday.

New York markets: Flour quiet. Wheat steady, No. 2 red 96 1-4 to 97, No. 1 Northern Duluth 98 1-2. Corn firm 80. Rosin steady. Turpentine steady. Money on call easier 3 1-2 to 4, ruling rate 3 1-2, closing bid 3 3-4 to 4. Spot cotton quiet, middling uplands 13.40; gulf 13. 85.

CURRENCY CAUCUS CAUSES TROUBLE

Senator Hitchcock Shoulders the Responsibility for the Deadlock

COMMITTEE DID NOTHING

Republicans of Committee Await Decision of Democrats Before Writing New Bill Proposed to Carry Amendments.

Washington, Nov. 10.—The administration decision to throw the pending currency bill into a conference of Senate Democrats resulted in an outburst on the floor of the Senate today and a do-nothing session of the deadlocked Senate Banking committee.

Senator Hitchcock, of Nebraska, who has voted anti-administration throughout the committee's deliberation declared on the floor that he would not change his convictions, "even to meet the views of the President of the United States" and that he would not enter a caucus that would prevent his voting his convictions. Senator Reed, of Missouri, declared that the time had not yet come to give up hope for an agreement in the committee and urged that nonpartisan deliberations in the committee continue. He declared his willingness to abide by a caucus, however, if one was found necessary.

The committee made two ineffectual attempts to get down to work today. In the morning the committee adjourned at the request of the administration supporters to allow time for Democratic conferences. When the committee again met after the Senate adjourned, Senator Owen had departed for New York, and the other administration Senators did not attend. The committee then adjourned until tomorrow.

In conference today the Republicans determined to await the decision of the Democrats. If the latter go to work on the bill in conference the Republicans will prepare a bill to be submitted directly to the Senate. It will be based on the administration bill, but will include the various amendments already adopted by the committee, which the President has declined to accept.

Caucus Not Binding.

Senator Kern, Democratic leader, explained during the debate on the floor that the proposed conference would not be a binding caucus and that it was expected that the Democrats would meet simply to "talk over" the currency question. It was stated also that the President understood that the conference did not propose to make the currency bill a party measure.

Another attempt will be made tomorrow to get the committee together for consideration of the bill, but little success is expected to attend the effort.

Senator Hitchcock, in his speech today, shouldered responsibility for the committee deadlock. The delay, he said, had been occasioned by his refusal to change his views.

"I would not permit myself to be bound by the decisions of a secret caucus on an important matter of legislation like this," declared Mr. Hitchcock. "I am assured by a number of Senators on this side that they are equally opposed to a secret executive proceeding. The Senate is the proper place to discuss the bill."

The Senator suggested that the Senate might order a report in a certain time, or discharge the committee.

Reviewing the Senate committee's amendments to the bill, Mr. Hitchcock spoke of "outside influences" brought upon the committee when its members were told the President could not accept the decision of the majority.

"I feel that when the Senate refers to a committee an important bill of this character, the Senate is entitled to have members of the committee examine it carefully and vote according to their own convictions and beliefs. I should prefer to retire from a committee rather than to vote for a vital, or fundamental feature against my convictions, even to meet the views of the President of the United States."

SOUTHERN ROADS MAKE GAINS.

Earnings for September Show Increase of $23 a Mile.

Washington, Nov. 10.—The South is the most prosperous section of the nation, if railroad earning figures are used as the standard of measurement.

Railroad earnings statistics for September, made public by the Inter-State Commerce Commission, show a net revenue for the big railroads in Dixieland, having a mileage of 32,226, of $277 per mile, compared with September, 1912, of $254. This represents a gain of $23 a mile. During the three months of the current fiscal year, July August and September, the Southern lines had a net revenue of $736 per mile compared with $728 for the same period last year.

The railroads of the country, as a whole, show a decrease of net revenue for September as well as for July and August. The net revenue per mile for the whole country was $397, while for the same roads in September, 1912, it was $424, a loss of $27 per mile. The Eastern district, the territory in which the railroads are trying to get an increase of 5 per cent in rates, shows a loss of $36 per mile in revenue. The figures for 1913 are $615 and $701 for last year.

Washington, November 10.—Seventy-five collectors of customs from various ports who were in conference last week in New York paid their respects to President Wilson and Secretary McAdoo.

MUTINY ABOARD VESSEL

Crew of Bark Manga Reva Bind Officers in Their Berths and Return Vessel to Port—Declare Officers Intoxicated.

Lewes, Del., Nov. 10.—The crew of the bark Manga Reva who rebelled at sea and brought the ship back to this port state that the action was due to the fact that the officers were intoxicated and that the mate beat one of their number.

The commander of the U. S. revenue cutter Onondaga which this morning responded to the Manga Reva's call for aid, decided to transfer the captain and crew of the bark to the Onondaga and take them up the Delaware river to Wilmington, Del., where there is a United States commissioner. They will arrive there tomorrow morning.

An armed guard from the revenue cutter was placed aboard the bark.

The Manga Reva sailed from Philadelphia a month ago for San Francisco with a cargo of coal. When several hundred miles at sea the crew of 28 men mutinied, tied the captain and mate in their berths and took possession of the ship. Subsequently the officers were released to navigate the ship after a promise that the mutineers would be returned to the Delawaro capes.

The little marine reporting station here was thrown into a state of excitement yesterday when word came that a ship with mutiny aboard was coming in. A letter from Captain Townsend, of the Manga Reva, came ashore conveying the information about the mutiny and asking immediate assistance. The Onondaga was picked up by wireless and came alongside the Manga Reva about daylight this morning.

The bark's crew of 28 comprised many nationalities. Captain Townsend is a native of Barnegat, N. J., and has been a master mariner for years. The Manga Reva formerly was the British bark Pyrennes and was built on the Clyde in 1891.

In 1900 she struck in the South Pacific the Island of Manga Reva, for which she later was named.

For months they lived on the islands. All hands were finally rescued by a vessel and brought t oSan Francisco. The wreck was sold at auction in San Francisco for $235.

Purity Congress Elects Officers

Minneapolis, November 10.—The International Purity Congress today elected the following officers:

President—B. S. Steadwell, La-Crosse, Wis.

Vice Presidents—Dr. Albert Moore, Toronto; Judge Harry Olson, Chicago; Dr. Emma F. A. Drake, Denver.

President Steadwell has headed the congress since its organization.

The problem novel is held as the chief cause of immorality in the United States, in the report of the vice committee appointed today by Chairman Frank J. Chase, of Boston.

The committee denounced the "Tango," "Bunny Hug," 'Turkey Trot," and other dances.

Drinking places are the fountain head of impurity, while the prohibition of segragated vice districts does not really suppress the social evil. These are the conclusions drawn by Dr. Wilbur F. Crafts, of Washington, D. C., in an address before the congress tonight.

The drinking of men and women together in public is one of the most fruitful causes of immorality, said the speaker. "I mention this with the more emphasis because in New York, at least, the drinking of men and women together is a common thing in all of the restaurants.

"To promote the 'white life for two' which is the positive side of our reform, we must not depend on any form of law, however excellent, but press to the utmost both legislation and education.

COTTON MILL INDUSTRY.

North Carolina Ranks Second in Importance in That Line.

Washington, Nov. 10.—With an output valued at more than six hundred and twenty-five million dollars, the cotton mill industry in 1909 ranked third among the industries of the United States in the number of persons employed and seventh in the value of goods produced.

The figures for that year just compiled by the Census Bureau were made public today. A striking feature of the report was the discovery that the increase in manufacturing was much greater in the Southern States than in the North.

"The industry is confined almost entirely to the States east of the Mississippi," said the report.

Massachusetts is the most important State, North Carolina ranked second, South Carolina third and Rhode Island fourth. Georgia, Pennsylvania, New Hampshire, Connecticut and Alabama in the order named, were the States next in rank. In three States, Alabama, South and North Carolina, the report sets forth, nearly nineteen per cent. of all employes in the mills were children under 16 years.

MEETING POSTPONED.

Chairman of National Board of Arbitration Absent.

Columbus, Ohio, November 10.—Members of the National Board of Arbitration, the court of minor baseball leagues, were unable to hold their first session tonight as intended because of the failure of the National Association Secretary J. H. Farrell, who is chairman of the board, to arrive in Columbus. It is thought that Mr. Farrell will reach here in time for the opening of the convention of the National Association of Professional Baseball Leagues which begins its 12th annual session here tomorrow.

MANY CITIES ARE WRAPPED IN SNOW

Severe Suffering Results From Terrific Cold Wave in Entire Northern Section.

TRAFFIC IS DEMORALIZED

Telegraph Poles Blown Down, Windows Smashed and Electric Light Plants Fail in Cleveland, Ohio—Off 30 Hours.

Cleveland, Ohio, Nov. 10.—The most severe Winter storm in many years enfolded Cleveland and vicinity yesterday and today, doing many thousand dollars' damage. Communication with the outside world by telegraph and telephone, rail or water was cut off for 30 hours.

Railroad trains were from 12 to 18 hours late. Hundreds of telephone poles in the city were blown down. Street car traffic was tied up, and entangling wires, many heavily charged, kept pedestrians off the streets. Driven by a wind which reached a velocity of nearly 75 miles an hour last night, snow fell to a depth of from five inches to five feet in the drift.

One man was blown from the top of a box car and killed. Many street car passengers had narrow escapes when poles fell on the cars. Many big plate-glass windows were blown in. Not for several days will communication with all parts of the city be established. All except the downtown section of the city was in darkness all last night because of the failure of the electric plants.

The gas pressure remained steady, preventing much suffering from the sudden drop in temperature. The thermometer last night reached a low record for 43 years.

Steamer Bottom Up.

Port Huron, Mich., Nov. 10.—A large steel freighter overturned, was found floating in Lake Huron late today about eight miles northeast of Port Huron, Captain Reid, of the local wrecking crew, said it was believed she was abandoned during the terrific gale which swept the lake yesterday.

Captain Reid said a heavy sea was running when the freighter was found and that there was no distinguishing mark to identify her.

Marine men think the boat may be an ore carrier which became uncontrollable in the storm and shifted her cargo.

Steamer Aground.

Sault Ste Marie, Mich., Nov. 10.—The passenger steamer Huronic, of the Northern Navigation Company, was driven aground in White Fish Bay today by the terrific gale. Her condition is not thought dangerous.

All Boats Late.

Duluth, Minn., Nov. 10.—The steamer A. M. Byers which left the Soo at 2:30 on Friday, arrived here today. Captain Craig, speaking of the up trip, declared it was the worst weather he had encountered since the great storm of 1905. Boats due here last Friday are not in yet.

Fear for Crew.

Calumet, Mich., Nov. 10.—In the face of a 50-mile gale, shifting from northeast to northwest on Lake Superior tonight, fear is expressed for the safety of the crew numbering 28 men, aboard the steamer stranded on Gull Rock, at the extreme end of Keweenaw Point. The life saving crew at Eagle Harbor is trying to reach the wreck. After a three hours' battle they were baffled today. According to wireless reports three other steamers are stranded at different points on Lake Superior and three craft are missing. Of these the passenger steamer Huronic is stranded on White Fish Point.

24 Inches of Snow.

Cumberland, Md., Nov. 10.—Snow continued falling tonight in the mountains near Oakland and Terra Alta. The flagman of Baltimore & Ohio passenger train No. 1 for St. Louis which left Cumberland last night about 8:30 o'clock, had to walk the track ahead of the train in the biting cold, a distance of 12 miles, to watch for fallen telegraph poles or other obstructions.

Reports from Western Maryland Railway offices tonight said that the fall of snow varied from 15 to 24 inches.

Conditions Under Control.

Pittsburg, Nov. 10.—Although intermittent snow flurries continue over a territory within 100 miles around this city, tonight the various communities are gradually getting the storm situation under control. Points in Western Pennsylvania, a portion of Ohio and all West Virginia report tonight an almost complete demoralization of transportation and wire facilities. Many places are in darkness. The Allegheny, Monongahela and Ohio rivers are rising here from the heavy snow and previous rains.

Little Girl Saves Train.

Montreal, Que., Nov. 10.—The Ottawa-Montreal express on the Canadian Railway, was saved from probable destruction last night by a little girl who had seen the gale from the west hurl a freight car onto the main track at Caledonia Springs. She notified the railroad officials in time for them to flag down the express.

Terrific storms in the Gulf of St. Lawrence have seriously delayed shipping.

Damage at Chicago.

Chicago, Nov. 10.—A tremendous surf driven in by the 50-mile gale did damage estimated at least half a million along the Chicago water front last night and early today. Two hundred thousand dollars worth of breakwater and "made" land comprising the new Lincoln Park yacht harbor were undermined and piers, sea walls and piling washed away.

During the day the surf subsided but a big sea continued out in the

lake and few vessels left Chicago harbor. At Milwaukee a $30,000 breakwater, part of the new harbor project, was destroyed and more than that amount of damage was done to shipping.

Snow in New York.

Buffalo, N. Y., Nov. 10.—Western New York is tonight emerging from one of the most severe November snow storms on record. Beginning at dawn and continuing for over eight hours a gale that at times reached a velocity of 74 miles an hour drove snow and sleet into drifts that blocked suburban electric railway lines and badly hampered the operation of railroad trains. So far as known no vessel was caught unprepared on Lake Erie. One railroad wreck occurred, causing one death and the injury of eight persons.

The storm was the heaviest along the south shore of Lake Erie. Eastbound passenger traffic was practically at a standstill from late Sunday night until 4 o'clock this afternoon.

Train in Snow Drift.

Washington, Pa., Nov. 10.—The passenger train of the narrow guage Washington & Waynesburg Railroad, which has 100 passengers, including United States Senator Albert B. Cummins, of Iowa, aboard, is still stuck in snow drifts three miles from this place. Senator Cummins had been visiting his father at Carmichaels, Pa. The train, bound for Washington, became snow bound last night and the engine of the relief tran sent out jumped the track within sight of the stranded train.

The entire party was without food for over 24 hours. Today neighboring farmers went to their aid and all were taken to farm houses. The passengers were forced to shovel snow this morning to keep from freezing.

JUSTICE APPOINTMENT.

Pleasing to Carolinians—"Adaptability" Barred in Navy—Personals.

(Special Star Telegram.)

Washington, D. C., Nov. 10.—The hundred or more North Carolinians in Washington were delighted when today they read of the appointment of E. J. Justice as special counsel for the Department of Justice. They were of the unanimous opinion that Commissioner Osborne in recommending the Greensboro man had secured for the Department of Justice one of the ablest lawyers in the State, and a man who will do credit to the Nation and State in the work for which he has been selected.

Senator Simmons and Frank Hampton, of Rocky Mount, were in conference with Commissioner Osborne this afternoon. It is understood that Hampton desires an appointment in the revenue service.

L. M. Bourne, of Asheville, and Allen Turnage whom Secretary Daniels gave a second examination after a number of men had been turned down on "adaptability," were confirmed by the Senate today to be second lieutenants in the Marine Corps. Bourne and Turnage, along with the other young men, passed the second examination with high honors, after "adaptability" had been discarded by Secretary Daniels. "Adaptability" means that the Naval Academy graduates do not consider their social standing good enough for the "Highbrows," and men whom they do not want in the navy are thrown into the discard on this point. Secretary Daniels thinks men should be examined on their ability to deliver the goods and not upon what an officer thinks he will be as a social leader of "snobbishness."

Mrs. J. W. Zimmerman, of Charlotte, is visiting her sister, Mrs. Howard A. Banks.

Thos. Calvert, of Raleigh, was admitted to practice before the Supreme Court of the United States. He was introduced to the court by Senator Overman. P. R. A.

GREATER SECURITY.

Of Life and Property on Shipboard Discussed in London.

London, Nov. 10.—Following the lead of the American delegates to the international conference for the greater security of life and property at sea, which opens here this week the merchant shipping advisory committee of the Board of Trade, has been conducting an investigation into the question of better protection against fire on shipboard.

During the past few weeks several serious fires, including those on board the Volturno and Templemore, have been investigated.

In the fires on cargo boats the centers of danger seems to have been the coal bunkers, inflammable cargo and electrical installations. Cotton is particularly liable to take fire. Last year there were 31 outbreaks on vessels laden with American cotton, over 24,000 bales being damaged by fire and water.

GLYNN IS BUSY.

Urges New York Legislature to Pass Direct Primary Law.

Albany, N. Y., Nov. 10.—Enactment of a new direct primary law will be urged by Governor Glynn at the legislative session which began tonight. The Governor so announced today.

The two houses were in session only a short time tonight and then adjourned until December 8th.

Assemblyman Cuvillier caused a stir by introducing a resolution asking the indictment and criminal prosecution of William Sulzer on charges of perjury, conspiracy and other offenses.

Majority Leader Levy objeted to the resolution. He said he did not think it was within the province of the assembly to call for such action.

FEDERATION OF LABOR.

In 33rd Annual Convention—Over Two Million Members.

Seattle, Wash., Nov. 10.—The 33rd annual convention of the American Federation of Labor was called to order here this morning by President Samuel Gompers, Governor Ernest Lester, and President E. P. Marsh, of the State Federation of Labor, welcomed the delegates.

This afternoon the creation of new standing committees on ways and means, an American Federation of Labor office building, and international relations and federation departments were authorized.

President Gompers said the Federation had passed the two million membership mark, and asked that the slogan be three million members.

Death of Young Son.

Friends will sympathize tenderly with Mr. and Mrs. C. E. Farrow in the loss of their two-year-old son, Rudolph, whose death occurred at their residence, No. 8 Bellwill avenue, Sunday morning at 2:30 o'clock. The funeral was held yesterday morning at 9:30 o'clock from the residence, conducted by Rev. Thos. P. Noe, rector of the Church of the Good Shepherd. Interment was in Bellevue cemetery.

The splendid coupon sale started Monday morning at Rehder's Big Department Store proved to be a big drawing card. The store was crowded all day and everybody well pleased. One coat suit, several handsome pictures, rugs, lamp, suit case, given away today.—Advertisement.

..Theatrical..

The fine quality of the acting with which Isabelle Lowe fills the character of June in "The Trail of the Lonesome Pine," was something of a revelation to two large Wilmington audiences at the Academy of Music yesterday. Backed by an unusually well-balanced company, against a background of pretty scenery, Miss Lowe made the play thoroughly delightful. Versatile, and with a personality that carries across the footlights, the charming actress made easy terms with her audience, more than atoning for one or two misfits in the cast.

In dramatizing John Fox's famous novel, Eugene Walker has been notably successful in condensing the atmosphere and action—the heart-throb and pathos and humor—of the book into four coherent acts. How Jack Hale, mining engineer, comes into the land of the Lonesome Pine, bringing with him a sense of law and order and righteousness, which tames at last the wild feudal spirit of the mountains; how his gentle kindness to the wild mountain girl, June, "who always liquors up with Pap," stirs her heart to passionate love; and how these two elements are worked out together, to a happy conclusion, is faithfully told in the play. The scenes in which the action is laid lend themselves admirably to stage effects. The sunset and sunrise effects in the first and last acts were admirably conceived.

The dramatization is one which adapts itself entirely to the ability of the presenting cast. With a less capable person than Miss Lowe in the leading role; or with others less satisfying than J. D. Pendleton as Bob Berkley; Nash Beery as John Toliver, and Eva Benton as Old Hun, "The Trail of the Lonesome Pine," as a play would prove disappointing.

Brilliant Musical Comedy.

Now for the musical comedy event of the season. Tomorrow night the Academy of Music will offer the whirlwind music show, "The Girl of My Dreams." It will be a stupendous production of the most popular musical comedy on the road and indications point to a "S. R. O." audience.

The sale of seats commenced yesterday morning at J. Hicks Bunting's drug store and is already large, though there are some fine seats left. Just how long they will be left, however, is decidedly doubtful, as besides the demand in Wilmington every mail has brought in orders for seats from out of the city people, who will be here to see the superb attraction. The Academy management lays great stress upon the excellence of tomorrow night's attraction, and, judging by the high praise the press has given it, theatre-goers can expect one of the rarest treats of the season.

A large number of criticisms in high praise of "The Girl of My Dreams" has already been cited in these columns.

Grand Keeping Pace.

The Grand is certainly keeping pace with what is best and affording the people of Wilmington rare opportunities to witness big shows, under most auspicious circumstances, as solid comfort always prevails at the cozy, handsome Grand, no matter the style of weather. Today's bill will be up to the high standard set by the Grand and which is the equal of the big city theatres. Leading today's splendid collection of films is Lubin's "The Counterfeiters' Fate," which deals with a most fascinating theme in rugged thrilling manner The chief figures are a young secret service man and a pretty mountain girl. It is a film of mystery and of plenty of excitement. Yet another big topliner on today is Selig's "The False Friend." It is a stirring dramatic. citing a big moral in most vivid manner. A fine cast will be seen in the swell production.

A Pathe Weekly, the very latest, is also a star today, proving instructive as well as immensely entertaining. Among the current events that will be shown will be scenes during the big coal miners' strike in Colorado, signing of the peace treaty in the Balkans, embarkation of the King and Queen of Spain for France, etc.

Big Week at Bijou.

What is without doubt the greatest week in the history of Wilmington from a moving picture standpoint and the equal of any occasion even in the larger cities opened yesterday at the popular Bijou. On every other day this week the Bijou is to present a special Warner feature together with its regular bill; something without parallel and especially so as the price of admission is not to be advanced from 5 cents. Yesterday, tomorrow and Friday are the special Warner feature days, but the other days will be featured by just as tremendous offerings, as today's giant-sized and magnificent bill will vividly demonstrate. The greatest Vitagraph film of the age, in two big reels, will be the star of today's show and it should not be missed. It will be the muchly heralded and greatly in demand film, "The Test," which is stirringly dramatic and which will be presented in most elaborate manner. A cast of notable players will appear, and the scenes are magnificent.

Another gripping film on today is "Salvation Sal." It is a story of city slum life and it has both a punch and a big moral to it. Another feature about the Bijou is that it always is as warm as a toast. It particularly appeals to people this chill weather. Truly, all roads will lead to the Bijou this week.

Houston, Texas, Nov. 10.—The University of Texas claimed the Southwestern football championship tonight as a result of their victory over the University of Oklahoma here today, 14 to 6.,

CAN YOU DOUBT IT?

When the Proof Can be So Easily Investigated.

When so many grateful citizens of Wilmington testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of Wilmington says about Doan's Kidney Pills. Can you demand more convincing testimony?

W. L. Benson, 620 S. Second St., Wilmington, N. C., says: "My back ached nearly all the time and I could not straighten after stooping or lifting without having a sharp pain in my loins. Mornings when I got up, I was very lame and sore and I noticed that the kidney secretions contained sediment. Soon after I used Doan's Kidney Pills, procured at Bellamy's drug store, I felt better in every way, and it was not long before I was enjoying the best of health. My advice to anyone suffering from kidney complaint is to try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

COBB DENIES REPORT.

Wants to Play With Detroit as Long as He Can.

Detroit, Mich., Nov. 10.—Printed reports that Tyrus Cobb was anxious to be traded caused Frank J. Navin, president of the Detroit American team today to make public a letter from the champion batsman in which Cobb said he was anxious to play in Detroit as long as the management and public are willing to have him.

Cobb's letter also indicated that there would be no dispute over the terms of his 1914 contract. Last season he did not sign until two weeks after the opening game.

The letter from Cobb to Navin reads in part: "I am entirely satisfied with conditions and I want to end my playing days in Detroit. The understanding we reached pleased me immensely and I will surely give my heart to playing with Detroit next year."

President Navin said: "The understanding" referred to concerned Cobb's salary for 1914. Mr. Navin intimated the Georgian would receive the largest salary ever paid a player in the history of baseball.

Washington, Nov. 10.—Court receivers of insolvent corporations are not required to pay the corporation tax imposed by the Payne-Aldrich tariff act, according to a decision today by the United States Supreme Court.

Richmond, Va., Nov. 10.—Mrs. Benjamin L. Banks, a prominent woman in Kentucky, shot and killed her only child, a boy aged 12 years, then herself at her home in this city today. The tragedy followed the sudden death from pneumonia of her husband.

Washington, Nov. 10.—Secretary Daniels, of the Navy, who leaves next Saturday for Kansas City, Mo., to deliver an address on November 19th, in connection with a celebration of the 119th anniversary of the conclusion of the Jay treaty, will fulfill several other engagements while he is away. November 18th he will speak in Omaha and Lincoln, Neb. On his way home he will deliver three speeches in St. Louis, November 20th.

FEDERAL BUILDING DEDICATED

Handsome New Postoffice at Washington, N. C., Completed—Interesting Exercises With Address by Secretary.

(Special Star Correspondence.)

Washington, N. C., Nov. 10.—The handsome new government-owned postoffice in this, the first town in the United States to be named Washington, was dedicated today with elaborate exercises, which included an address by Byron R. Newton, assistant secretary of the treasury. The day was virtually a holiday, and nearly the entire population participated in a big parade and the exercises at the building, located on the edge of the business district. This pretty patriotic, historic and aristocratic old city took on a gala appearance for the occasion. Civic bodies and the local military organizations took part in the programme and the parade and escorted the visiting assistant secretary through the principal streets.

The day's programme began at 10 o'clock with the parade through the principal streets to the strains of band music. In the line were a National Guard company, a division of the naval reserve, hundreds of school children, Hon. B. R. Newton, Congressman Jno. H. Small, of the First District; Mayor Kugler and Hon. H. S. Ward, the local chapters of Sons of the American Revolution, Daughters of the American Revolution and Daughters of the Confederacy, and many citizens in automobiles and horse-drawn vehicles.

At 11 o'clock Representative Small introduced Assistant Secretary Newton as the principal speaker, and following in an enthusiastic and patriotic address that dignitary from the main portico presented the building to the city of Washington on behalf of the government. The acceptance on the part of the municipality was by Hon. Hallett R. Ward, a prominent resident. A great chorus of children, led by a band, sang the National anthem and the State air. One of the most interesting features came when Chas. Brown, Jr., and little Miss Marjorie Blount Hoyt, youthful descendant of early Washingtonians, unveiled a bronze tablet which conspicuously embellishes an outer wall. "Exitus acta probat," exclaims the bronze ornature; then: "To commemorate the first postoffice named Washington in the United States, established A. D. 1789, in Washington, Beaufort county, North Carolina. The first town named 'Washington' in the United States, December 1776, (records of Beaufort county, book 4, page 253). Tablet erected by the National Society of the American Revolution of Washington, North Carolina, 1913." Miss L. T. Rodman, regent of the Marjorie Reading Blount chapter, D. A. R., presented the tablet to Messrs. Small and Newton and it was accepted by them for the government.

A luncheon served the visitors by the Daughters of the Revolution at the Elks' club was the occasion of a brilliant gathering after the ceremonies at the building, with many out-of-town people and local society en masse in attendance.

The new Federal building at Washington required several years to complete, and is a massive and imposing pile housing the finest postoffice east of Raleigh, a United States court room, and the offices of resident government employes.

WILL NOT RESIGN.

U. S. Marshal and District Attorney Have No Idea of Resigning.

(Special Star Telegram.)

Raleigh, N. C., Nov. 10.—United States Marshal Claudius Dockery returned to Raleigh from his farm today and left tonight for Wilmington for court this week. It is certain that he and District Attorney H. F. Seawell have received from the United States Department of Justice a request for their resignations but, while they will not talk, it is a fact that neither intends to resign and if there is any change in these offices before the present terms of office expire about four months hence there will have to be action declaring the offices vacant by President Wilson. It is understood here that Francis D. Winston, who is to succeed District Attorney Seawell, does not care to take over that office until about the new year. On the other hand, it is said that W. T. Dortch, of Goldsboro, who is slated for the marshalship, is ready to take up the duties of the marshalship at the earliest pissible minute.

It is understood that when Marshal Dockery retires from the marshalship he will move his family to Troy, Montgomery county, and practice law in that section. This is one of the most important points on the new Raleigh, Charlotte & Southern division of the Norfolk Southern.

ARTILLERYMEN TO PLAY.

Army Team vs. A. C. L. Y. M. C. A. at Fort Caswell.

(Special Star Correspondence.)

Fort Caswell, N. C., Nov. 10.—The heavy Army team at the post will meet the A. C. L. Y. M. C. A. squad from Florence, S. C., on the post gridiron, Friday, November 21st

This is a game which is looked forward to with much interest by everyone, as it was scheduled once and had to be called off on account of the army maneuvers at the fort.

Sergeant Welling, who is captain of the Army eleven, began driving his squad through a light scrimmage and signal practice against the second team on last Saturday and they are showing up excellently all around. Each afternoon in the future will be devoted entirely to a hard scrimmage so as to prepare them for the on-coming battle, a good many of the men now playing on the second team are trying very hard to make the first eleven, and they will be considered good should tney make it.

Florence has a good team, but the Artillerymen have bestowed great hopes in their line-up, and it is expected that the game will be hard fought from start to finish by both teams.

WRECK ON SOUTHERN.

Two Trainmen Injured and Much Equipment Damaged Yesterday.

(Special Star Telegram.)

Greensboro, N. C., Nov. 10.—Two trainmen were injured, an engine and four box cars demolished and traffic delayed 10 hours or more on the main line of the Southern when a freight train ran into a work train near Brown Summit, 10 miles from Greensboro, today at noon. Fireman J. T. Shields had his back and neck wrenched, but was able to go to Spencer tonight. Brakeman J. K. Grubbs was slightly injured. The track was torn up and no trains had passed either way at 8 o'clock tonight.

The Coupon Sale will last all this week at Rehder's Department Store. Be sure and ask for premium with your purchase.—Advertisement.

NEWS NOTES IN BRUNSWICK.

Vote on Stock Law—County Finances. Fishing Season, Etc.

(Special Star Correspondence.)

Southport, N. C., Nov. 8.—The question of whether the people of Brunswick county want the stock law effective or not, is to be decided at the polls on Tuesday, December 2nd, the county commissioners at their November meeting this week, having appointed poll-holders and designated that day for the election. This issue has been warmly discussed throughout the county for weeks, with strong partisans on each side.

The report of Accountant McCabe, who recently went over the books of the several county officers, was presented to the county commissioners. The report is on file at the court house, and is open for inspection by any citizen of the county who may desire to see the result of the examination of the official records of the past two and one-half years.

The board of education, at its regular monthly meeting this week, under the recent amendment to the public school law, borrowed what money was needed, in order to pay off in full all salaries of teachers that were due. This is a decided change from the old law under which the board had to wait until taxes were collected and turned over to the county treasurer and thus made available. To those who teach the change is greatly appreciated.

A circular letter is being mailed to all the white school teachers of the county by Superintendent M. C. Guthrie, which tells of the work of the Boys' Corn Clubs, and asks that they interest themselves in the effort to enroll boys in these clubs for 1914.

While no concerted action was taken in this vicinity on the Good Roads work last Wednesday and Thursday, there were a number who went out and did some work on those days. The pupils of the High School turned out and cleaned up the part of Franklin Square in which the school building is located.

Considerable interest is being aroused by Principal Ranson among High School pupils for the Winter and Spring sessions, through the organization of two literary societies. Basketball is also going to occupy a place, and some good games will likely be seen of contesting teams in order to secure first place.

The Mothers' Meeting will have its session this Winter, meeting monthly. A good deal of the work will be that concerning school betterment. The meetings will begin this month.

The threatened trouble with Mexico is closely watched by the officers at Fort Caswell, over the possibility of some of them being sent to the front.

Dr. Marshall Guthrie, who has been here on a visit with his father, Mr. M. C. Guthrie, has returned to his work connected with the government quarantine service at Philadelphia, this being looking into the arrival of immigrants as to their condition.

Col. Robert Stride has gone to Charlotte, N. C., for a few weeks' visit.

The many friends here of Mr. R. W. McKeithan were greatly relieved to hear yesterday that his condition was much better. Mr. McKeithan had been in a very serious way and alarming reports were sent out as to his illness.

Capt. Potter, who bought the schooner John Twohy, sold at auction here last Tuesday, resold the vessel to Cummings & Compton, of Philadelphia. It is reported that the attempt to pump out the schooner will again be made, and this failing, she will be towed north in the present water-logged condition.

Reports from vessels coming in state that immense quantities of bluefish are to be seen all along the coast, from Lookout south. The demand for fish scrap bait continues much larger that the supply, fishing boats coming into this port only ask for bait, and do not ask as to price.

THREE CHARTERS YESTERDAY.

Governor Considering Appointments on Freight Rate Commission.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 10.—Three charters were issued today as follows: Bunn Live Stock Co., Franklin county, capital $10,000 by R. N. Harris, C. H. Mullen and others for dealing in horses, mules, vehicles, harness, etc.

The Dunn Ice & Fuel Co., of Dunn, Harnett county, capital $5,000 by Geo. T. Noel, C. J. Smith and others.

The Carolina Furniture Co., of Marshville, Union county, capital $10,000 authorized and $2,000 subscribed by W. J. Kennedy, Mrs. F. A. Hardy and others.

The announcement by Governor Craig of his appointment of special commissioners for the commission that is to pass upon the exceptions of the intra-State carriers to the freight rates fixed in the Justice Act passed by the special session is expected at any time now and the most complete mystery envelopes the probable appointees. The declaration of the Governor some weeks ago that he wanted no applications and that the filing of applications or any activities toward securing the appointments individually or for friends would be taken as operating against such appointment has completely cut out at least direct efforts for securing the appointments. The Governor has issued no statement as to the intra-State rates since he received the protests and accompanying exhibits from the railroad companies setting out their grounds for claiming the proposed rates are unjust and confiscatory and much lower than any other States.

James T. Munds, of Wilmington, who is looking after the official duties of his father, J. C. Munds, as grand secretary of the Grand Chapter and grand recorder of the Grand Commandery of Masons in this State, while the latter is recovering from serious illness, spent the past several days in Raleigh and neighboring towns on official business. People throughout the State will be glad to learn that there is steady improvement in the health of Mr. J. C. Munds. He has so far regained the use of his limbs that he can dress himself and walks downtown from his home in Wilmington every day. He has attended a number of lodge meetings recently

SPECIAL COURT TERMS.

Two Weeks in Camden and Robeson for Civil Causes.

(Special Star Telegram.)

Raleigh, N. C., Nov. 10.—Governor Craig ordered special terms of court for Camden and Robeson counties today. Camden court will be two weeks, beginning December 8th for civil cases, Judge G. S. Ferguson, presiding. Robeson court will convene December 1st, for civil causes. Judge M. H. Justice to preside.

An Illustrated Lecture.

Instead of the regular weekly prayer service there will be an illustrated lecture on the "Great White Plague" at the Brooklyn Baptist church tomorrow night. The slides have been furnished by the State Board of Health, and Dr. B. J. Willingham, of this city, will give an explanation of each slide. The public is cordially invited to attend this instructive lecture on a subject of vital importance to all citizens.

FIRE AT LUMBERTON.

Waste House Destroyed at Jennings Mill—Notes.

Lumberton, N. C., Nov. 10.—The waste house and contents at the Jennings Cotton Mill, in the northwest part of town, were destroyed by fire of unknown origin yesterday morning at 4:30; loss estimated at $3,000, fully covered by insurance.

This section was visited Saturday night by a regular Summer thunder storm, accompanied by much lightning, high winds and heavy rainfalls. This morning was the coldest of the season. The ground, pumps, etc., were frozen in many places.

The second week of Superior Court convened this morning at 10 o'clock. Only those having business in court were present.

Four drunks were locked up Saturday night, three white and one colored. Barney Lamb, colored, was fined $20 and costs in the recorder's court Saturday for being drunk and disorderly twice last week.

The remains of Mr. Geo. Warwick, whose death was reported in yesterday's Star, arrived Saturday night and were carried to the residence of his brother-in-law, Mr. Frank Hamilton, from whence the funeral was conducted yesterday afternoon at 2:15 by Rev. C. H. Durham. The interment was in Meadow Brook cemetery in the presence of a large gathering of friends.

Two Lumberton men in Bladenboro Saturday went into a store and called for a dose of medicine for the headache. They say the clerk made a mistake and came near killing one of them. A physician was present and rendered immediate attention. Suit for damages has been started, Johnson & Johnson being employed this morning to press the claim.

Resinol

heals baby's skin trouble

THERE is no need of baby suffering from eczema, ringworm, tetter or other itching, burning, unsightly eruption. With the first use of Resinol Ointment and Soap, the itching and burning stop, and healing begins. After Resinol has quickly removed the last trace of the trouble, Resinol Soap for baby's bath will usually keep his skin clear and healthy.

Every druggist sells Resinol Soap and Ointment. For free trial, write to Dept. 9-M, Resinol, Baltimore, Md.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for *Special Instructions* on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N.C. 121

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders, and postal money orders, for the paper should be made payable, and all communications should be addressed to, THE WILMINGTON STAR CO.

Tuesday, November 11, 1913.

The size of a woman's purse is no sign of her roll.

Ignorance makes many a man confident that his arguments are fine.

Huerta seems to feel quite cocky, but that may be his way of starting in.

We still have with us the currency bill and "the same old Bill," but the currency bill isn't.

Wall Street wants to frame the new currency bill and then hang it up as a fine work of art.

By looking forward we see our opportunities. By looking backward we see our mistakes.

A man may love his country but his country won't love him unless he does something for it.

The people are responsible for the political boss. When they don't want any boss out goes the boss.

Mexico should take kindly to the good offices of President Wilson. Look what he has done for New Jersey!

Fortune tellers warn dark-eyed women to "beware of a woman with soft blue eyes." Well, we should say so.

There are six income tax forms, but the majority of people don't have to worry over a single one of the six.

The reason Walsh beat Foss for Governor of Massachusetts was because there were not enough Fossils in the State.

Since the wounds of General Felix Diaz were on the back of his neck it doesn't seem that he was aware that he was facing danger.

Ley fugo in Mexico means the same as leg ball in South Carolina, except that in Mexico a man is forced to run so he can be shot.

The New York papers already are teeming with advice to Mayor Mitchel. That is the beginning of Mayor Mitchel's troubles.

"It takes two to make a quarrel" unless one of them is a married man who doesn't dare to open his mouth to try to make an explanation.

Says the Atlanta Journal: "He is truly a great composer who can set a hen to music." No layman need attempt it with the idea that he can make a hen lay.

Says a writer: "Women should indulge in a smile every opportunity they get." Men need no such advice, but they have very few opportunities to indulge in a smile.

Colonel Roosevelt fully explained his policies while he was in Argentina. He failed, however, to explain that some of his acts are entirely at variance with his policies.

There may be nothing in a name, but what is the matter with the Mr. Dropofsky who committed suicide in New York by dropping off the window sill of a third story?

A Philadelphian was fined $25 for "a spoon in the park." The pitchfork is more deadly than the spoon, and yet Senator Tillman has never been called upon to account for using it whenever he gets a chance.

We do not think that the Supreme Court intended to say that the search and seizure act was unconstitutional, although some people may take that view of it until the matter is again put to the test.—Durham Herald.

Ex-Governor Glenn is reported to have said that he would rather be Senator than to have a Federal job. Since the Hon. E. J. Justice has accepted a Federal job with a $7,500 salary attached, it may make the Senatorship look more like it to the ex-Governor.

The first people in America to foresee the danger of foreign immigration were the American Indians. They undertook to kill off the first settlers, but the homeseekers kept on coming despite the fact that they were not wanted. It is different in North Carolina now, for she is welcoming settlers and is sorry that they are not coming in by thousands.

A MADE IN THE SOUTH SHOW.

The Star is going to beat all of them to it by suggesting that a "Made in the South Show" be held in Wilmington by way of celebrating the opening of the Panama Canal. Many manufactures and products of the South will enter as exports in the increased commerce that we are going to do with both the east and west coasts of South America and the Central American countries as well. Specialties can be made of such export productions of the South, while everything made either for the foreign or domestic trade can be shown. Such a show would be a revelation to Southerners as well as Northerners who would come to the show.

If Southern ports expect to handle commerce on account of the canal, they will have to find out what Southern products are needed in the trade that is to be opened up by the canal. Some time ago it was asked by one of our ports: "What does the canal expect of us? We had better find out from ourselves what we expect from the canal. It is for us to discover our own opportunities and be ready to do our part by arranging for the assembling at our ports of such Southern products as ought to be exported through the South's ocean gateways.

Wilmington's advantageous location entitles it to be made a port of call, and as the steamship companies will soon be seeking cargoes for their South American and Pacific lines, there will be no trouble about getting ships if we can deliver the goods. North Carolina alone can furnish 15 articles of export that will be readily taken by the Latin American trade. They ought to come to Wilmington or Southport and be picked up here by the steamship lines.

A "Made in the South Show" in Wilmington would increase the commercial possibilities of the port. It also would give impetus to the plans to make Wilmington an industrial center. This port would be an ideal location for manufacturing for export, and if American manufacturers expect to extend their trade to South and Central America they will have to locate in some port to do so to the best advantage.

When the canal is open for traffic and the ships thicken up on the ocean going in that direction, more South American people than ever will begin to visit this country on business. As some one or more of our South Atlantic ports are bound to be the assembling port for a large traffic, it is going to be the port that does something to emphasize its advantages for that trade. If Wilmington is going to do anything now is the time to get ready to do it.

ADVERTISING NORTH CAROLINA.

The Manufacturers' Record recently copied an editorial from The Star upon this subject, commented upon it with approval and added suggestions that ought to be of great value to different communities in the State. The Fayetteville Observer copied the editorial of our valued Baltimore contemporary, and that esteemed North Carolina contemporary states the truth when it says "the Manufacturers' Record has done more than any other industrial publication for the South." The Observer also comments:

"In this age of progress the communities and States which have shown the greatest development in material wealth are those which have most widely published their advantages. There are States not near so rich in natural resources as North Carolina, which have greatly outstripped this State in attracting capital and inducing a good class of settlers to buy and cultivate the waste lands. The reason for this is that by systematic and well directed effort they have advertised to the world their advantages, while North Carolina, with a variety of soil and climate and a wealth of agricultural products unequalled perhaps by any other section of like area, has modestly, or inertly, remained in the background, except for what advertising that has been given it by a few enterprising newspapers. A few months ago a State Chamber of Commerce was organized in North Carolina and Mr. Hubert Ramsaur, one of the most energetic and enterprising young men of this city, was made secretary. We are looking to see some good results come from that organization, through Mr. Ramsaur's active work and good business methods; but the movement to publish to the world our advantages cannot be started too soon, for other Southern States are moving in the same direction."

Of course, North Carolina is attracting a great deal of attention and both settlers and capital are coming here, but they would come faster if we would do systematic work in each community in the State, or, perhaps, through some sort of organization as a State Chamber of Commerce. However, the trouble with such organizations is that their work is along general lines and they are not sufficiently financed to do anything. Nevertheless, they can be of material aid to communities in furnishing plans to work upon, for it is each community that must do the most for itself.

IMPORTING ARGENTINE CORN.

Since eastern North Carolina will have its first corn show in Wilmington today, tomorrow and next day, it is interesting to note that Argentina is not only exporting beef to the United States, but is exporting corn right along. New York has received several cargoes of both beef and corn, and the business was satisfactory in every instance. Importers in New York saved eight cents on the difference between American and South American corn.

We don't think that is at all creditable to the United States, for it shows that we are not producing enough meat and corn to supply the home demand. However, what do you think of the announcement that New Orleans is importaing corn from the Argentine. A cargo of 170,000 bushels of corn is due in New Orleans in December, and a second cargo has been ordered. It will be distributed by grain dealers in New Orleans and Galveston.

Under the new tariff law, corn comes in duty free, and the New Orleans States says its importation is profitable as it can be sold at a few cents below the price of American corn. Argentine corn, according to that paper, is a round, short grain and is unusually dry, containing only 12 per cent of moisture. It comes shelled and sacked and arrives in good condition from points 5,000 miles away. It is said to be fine for milling and excellent for stock.

Since cheaper corn is an advantage to the farmers so long as they are buyers, the question is asked, "What is to be the effect on the American farmer if the shipments keep up?" Naturally it will be to his disadvantage if he is a grower. No one can doubt, however, that the South can grow corn as cheaply as Argentina can do it and ship it several thousand miles.

PROBABLY ANOTHER COMPROMISE.

The railroads have filed their protest with Governor Craig against the Justice act for the control of intra-State freight rates, and we are again to see another contest with the carriers on that feature of transportation in the State. Probably the best they hope for is to get another compromise, and as a matter of fact we presume that any solution of the freight rate problem will have to be on some basis of hearing all sides and settlement of the question in a judicial way. As to the plea of the railroads that rates under the Justice bill would be confiscatory, the Greensboro Record says:

"The railroads in this State have given notice that they object to the intra-State freight rates—the Justice bill—and have asked Governor Craig to appoint his commission. The roads say the rates are confiscatory and this commission will pass on the matter. Freight rates as between Virginia and North Carolina has been 'confiscatory' for forty years but the people were throttled so they could not turn a wheel until the Legislature met in special session."

This is a question that the courts will have to settle and evidently that is where it is going. If the railroads can show the courts that rates under the Justice law would be confiscatory, it would be declared unconstitutional. It will be either a compromise or a long drawn out fight in the courts.

CURRENT COMMENT

This community is beginning to realize that a law which is not enforced is worse than no law at all. Therefore make every vehicle that travels the streets and roads at night carry a light. Don't put it all on the automobile.—Asheville Citizen.

"Our idea about the pie counter is that a live man can get more out of a cash register by having a business that will keep him from depending on politics for a living."—Wilmington Star. The above is true, but the desire for an office is always paramount. If you are skeptical, just glance under the Democratic official plum tree and count the "patriots".—Winston Republican.

STREET CAR IMPROVEMENTS.

To the Editor of he Star:

Wilmington in general, and especially the ladies, are very thankful for the added improvements on the trolley car system, inasmuch as they will not be annoyed longer by large crowds getting on a car before one or two passengers can get off, since the Tidewater Power Company has applied civil rules to be carried out on their cars—that of having the passengers get on in the rear and out the front of the car so as not to keep passengers on the rear platform from trying to get off the car while at least half a dozen are trying to get in at breakneck speed.

The writer has often had to stand on the rear platform of a car and be shoved against several negro men who crowded on the car before the passengers have the opportunity of getting out which is naturally annoying to the lady passengers. Let us all join in praise of the Tidewater Power Company and hope the new regulations will meet with the greatest of success and be a permanent improvement over the old way.

A WELL WISHER FOR BETTER TROLLEY CAR CAR SERVICE.

Death of Mrs. W. E. Streeter.

Many friends will be grieved to learn of the death of Mrs. W. E. Streeter, which occurred at her home, No. 1121 South Ninth street, yesterday afternoon at 2:35 o'clock after a long illness. She was about 30 years old. Surviving her are her husband and one son, James W. Streeter. The funeral will be held tomorrow afternoon at 2:30 o'clock from Sixth Street Christian Advent church. Interment will be in Oakdale cemetery.

Y. M. C. A. Week of Prayer.

Beginning last night and continuing through the week the Y. M. C. A. will hold each night a half hour of prayer in the assembly room for the purpose of asking God's blessing upon the great work that the Y. M. C. A. is doing. The service Sunday afternoon was led by Mr. Edward Roberts, the boys' secretary, and was especially helpful to those who attended. The services through the week will be led by different Christian laymen of the city. Everyone is invited to attend.

HOW TO GAIN HEALTHY FLESH.

J. Hicks Bunting Drug Co., Advises Use of Samose.

While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results.

An ounce of flesh is better than a pound of theory. J. Hicks Bunting Drug Co., believes that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers, and to induce them to use it, they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

WATER AND SEWERAGE.

Statement of Receipts and Disbursements in That Department.

A statement of the receipts and disbursements of the Water and Sewerage Department as compiled by Supt. W. E. Merritt, was read to the City Council at the regular meeting yesterday as follows:

Statement of the Water and Sewerage Department, June 1st, to November 1st, 1913.

Receipts.

Water Rents	$18,656.54
Sewer Rents	4,425.45
Total	$23,352.96

Disbursements.

Maintenance Water	$14,993.42
Maintenance Sewer	718.01
Total	$15,711.43
Net on Operating	$ 7,641.53

Expended for Extensions.

Water	$ 6,232.76
Sewer	2,154.03
Total	$ 8,386.79
Excess of Expenditure	$ 745.26

The above statement represents the receipts for six months, but we did not include the expenses for this period as the bills for the last month has not been audited. These bills practically ($2,500.00), reduce the actual net to about four thousand dollars.

Number of connections made: Water; 268; sewer, 383. Amount of pipe laid: Three-quarter-inch water pipe, 5,063 feet; one and a quarter-inch water pipe, 5,178 feet; four-inch sewer pipe, 4,412 feet.

Extraordinary expenses included in above statement.

Horse for sewer work	$ 225.00
Cholorine apparatus	25.00
Material for Winoca Terrace.	699.69
Total	$1,649.69

Extraordinary expense in sight for which there is no funds:

160 tons filter sand (about)	$ 800.00
Laying Ex. at Winoca	398.25
Improvements at Hilton (about)	2,000.00
Total	$83,198.25

We have $1,500 worth of material that is paid for and included in the above expenditure.

Respectfully submitted,
W. E. MERRITT.

MAY BE MURDER.

Coroner's Jury Spends Sunday Investigating Death of Negro Woman.

Although the coroner's jury impanneled to investigate the death of Cornelia Pollock, who was found on the tracks of the Tidewater Power Company Friday night, spent almost the entire day Sunday examining witnesses they were unable to reach any satisfactory conclusion as to what caused her death, and took a recess until Wednesday afternoon at 3 o'clock when they will receive the report of Dr. John Thames, assistant county health officer, on the autopsy, made by him.

While Dr. Thames' investigation is not yet complete it is understood that he has evidence sufficient to convince him that the woman was dead before the car struck her. While he is unable to say whether or not the skull was broken by the car he is said to be quite positive that this wound did not cause her death. He will, however, make an exhaustive investigation before making a report.

Wiley Hill and William Dore, both colored, are being held in jail pending the decision of the coroner's jury. Dore is said to have been intimate with the woman and Hill is reported to have been madly jealous of her. Both were examined Sunday and denied any knowledge of how she came to her death. Other witnesses examined were Messrs. Ed Allen, motorman, and Lucien Bishop, conductor of the car that struck the body on the track. A number of other witnesses were also examined.

BASEBALL MASS MEETING.

Citizens of Wilmington Will Meet at Court House Friday Night.

Messrs. J. W. Blomme and C. E. Greenamyer returned Sunday from Philadelphia, Pa., where they went to confer with Mr. W. F. Baker, president of the Philadelphia National Baseball Club, and brought back favorable reports as to Wilmington's chances for securing the club to train here next Spring.

It is up to the citizens of Wilmington, they say, and in order that the citizens may have an opportunity to express themselves a mass meeting has been called for Friday night at 8 o'clock to discuss the matter fully. Everybody is invited whether they be members of the Chamber of Commerce, the Commercial Club or some other club, or no club at all. All that is needed is a live interest in baseball. If Wilmington business men are willing to come across with a sufficient contribution the team will come, is the report that they make. The proposition will be stated in detail at the meeting.

ARMER'S WIFE ALMOST A WRECK

Restored to Health by Lydia E. Pinkham's Vegetable Compound—Her Own Story.

Westwood, Md.—"I am a farmer's wife and do most of my own work when I am able. I had nervous spells, female weakness and terrible bearing down pains every month. I also suffered much with my right side. The pain started in my back and extended around my right side, and the doctor told me it was organic inflammation." I was sick every three weeks and had to stay in bed from two to four days.

"It is with great pleasure I tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I have followed your directions as near as possible, and feel much better than I have felt for years. When I wrote you before I was almost a wreck. You can publish this letter if you like. It may help to strengthen the faith of some poor suffering woman."—Mrs. JOHN F. RICHARDS, Westwood, Maryland.

Women who suffer from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Dredge Arrives from Georgetown.

The dredge Winyan Bay has arrived from Georgetown, S. C., to begin work on the ocean bar. She is loaned to this district by the Charleston district, and will be here for several months. The Atlantic, one of the government's largest seagoing dredges, now at Boston, Mass., is expected here the first of the year to begin dredging on the bar. The Cape Fear, one of the dredges now at work on the bar, was brought to Wilmington Saturday to go on the marine railway for repairs. She will be in commission again within a few days.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Thos. H. Wright to Cora Lee Knight, for $1,000 and other considerations, lot on north side of Hanover street, 120 feet west of Third, 45x145 feet in size; Fidelity Trust & Development Company to R. W. Barker, for $1,400 and other considerations, lots 24 and 25, block 8, Sunset Park; S. Abramowitz and wife to J. M. Turner and wife, for $1,000 and other considerations, lot on west side of Fourth street, 43 feet south of Walnut, 39x64 feet in size.

Death of Mr. L. L. Hoyt.

Friends in the city learned with deep regret yesterday of the death of Mr. L. L. Hoyt at his home, No. 716 South Fifth street, Sunday afternoon at 5 o'clock. He had lived for many years in Wilmington, and was with several firms as bookkeeper. For the last several months he had been in failing health. His wife died many years ago and he left no near relatives in the city. The remains were taken yesterday afternoon to Tar Landing, in Onslow county, where the funeral and burial took place.

How To Heal a Stubborn Abscess

A Home Method Sure to Restore Flesh to Natural Health.

Here are some very valuable facts for all who have any blood trouble with external sores.

Do not cover any sore so as to interfere with perspiration and the formation of protective scabs. Keep it clean and bandaged. If it is a stubborn case, flush your blood with S. S. S. This famous blood purifier works wonders. And you can easily give your blood a good, thorough cleansing by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each selects its own essential nutriment from the blood.

Do not fail to get a bottle of S. S. S. to-day. If your abscess is of such a nature that you would like to consult a specialist, write to the medical department, The Swift Specific Co., 214 Swift Laboratory, Atlanta, Ga.

Beware of any attempt to sell you something else for the blood. Many people have been imposed upon by having some mineral mixture palmed off on them. Ask for S. S. S. and insist that S. S. S. is what you propose to get.

SUPERIOR COURT BEGINS

Judge Rountree Touches Upon Local Matters in His Charge to Jury —Number of Cases Are Disposed Of.

Unusual progress in disposing of cases for the opening day was made in Superior Court yesterday with Judge George Rountree, of this city, presiding and Solicitor Homer L. Lyon, of Whiteville, prosecuting the docket. Following the able charge of Judge Rountree to the grand jury, court immediately took up cases on the docket and when adjournment was taken at 5 o'clock a large number had been disposed of.

The trial of Thomas Dupree, colored, for the murder of George Nixon, also colored, on October 4th, was set to begin tomorrow morning and a venire of 50 men was drawn from which to select the jury. The prisoner was arraigned yesterday, following the return by the grand jury of a true bill.

The following were drawn and impanneled as the grand jury: Messrs. M. F. H. Gouverneur, foreman; Bernard O'Neill, C. N. Packer, R. H. Jarman, D. H. Howes, Jr., W. D. Rhodes, Jr., J. E. King, John C. Heyer, S. E. Clements, Willson Rogers, W. M. Peck, W. M. Stewart, D. G. Westbrook, F. R. Mallard, J. M. Bass, W. P. Edmondson, J. C. Stewart and Geo. H. Heyer.

Practically the entire charge, which was clear cut, concise and to the point, was devoted to a discussion of the conduct of public officers of county and State as it relates to the administration of justice.

"Governments exist for the purpose of maintaining law and for administering justice," said Judge Rountree in beginning his charge to the jury, "and for carrying out the latter function of the government the courts have been instituted. While the jurisdiction of the grand jury includes the whole of the criminal law it is not necessary to go into the different classes of criminal offenses as practically all of you are acquainted more or less with the criminal offenses."

"A spirit of law-abiding is the ideal that must always be kept in view in administering justice," he continued, "and in order to have this it is necessary that the officers of the law from the judge on the bench to the constable and the justice of the peace in the remotest hamlet shall keep the law. Lawyers, sheriffs, jurors and witnesses are all parts of the courts, and if they will all abide by the law it will aid greatly in bringing about a reign of law and justice."

The jury was instructed as to their duties in making presentments in cases where matters were brought to their knowledge that should be brought to the attention of the court, following which the judge discussed the statutes bearing upon the conduct of public officers. It is made a misdemeanor, he said, for any public officer to neglect to perform any public duty.

County's Fine Officers.

While he was of the opinion that New Hanover has a most efficient set of officers, he said that he wouldn't be a bit surprised if the Clerk of the Court, who is one of the best in the State, had not been guilty of violating some minor provision of the statute relating to the conduct of his office. Frequently, he said, attorneys who should know better, ask to be allowed to take out papers which have been filed in the clerk's office and never bring them back. He cited this simply as an illustration, he said, because if the clerk followed strictly and literally the law on the subject he wouldn't allow it to be done.

Continuing his discussion of this important question the judge stated that frequent complaints have been made as to the conduct of the sheriff's office, especially about the serving of subpoenas, warrants and other papers. It often happens that complaints are without foundation and if they are this should be made known to the public. It is, therefore, best for the sheriff and for the public that the matter be looked into, the judge continued, in order that the complaints may be set at rest.

The judge called attention to a provision of the statute showing that the sheriff shall not serve papers on which the necessary fees have not been paid. The sheriff, however, is required to be diligent in the performance of his duties where the fees are paid, and in some cases where they have not been paid. If he is diligent and fails to serve papers or to apprehend criminals he is not guilty of a misdemeanor even though he might show bad judgment. Within the last six months the duties of the sheriff's office in New Hanover have greatly increased on account of additional courts and growth of population, Judge Rountree continued, and this also must be taken into consideration in making any investigation.

The attention of the jurors was called to certain reports that have been made in the public press and by others that a deputy sheriff of an adjoining county had failed to arrest or to bring to justice a man charged with murder, simply because there was no reward offered. This looks like the people, the judge continued, have a long way to go before reaching a stage where the law reigns. He instructed the solicitor to look into the matter and see if there was anything to the report.

Lawyers and Ethics.

The next topic discussed was that of the lawyers whom the judge defined as one of the constituent elements of the courts. They are or should be the ministers of justice, and in this State have a code of ethics which if lived up to would make a body of ministers ashamed of themselves. One of the provisions of this code is that no lawyer shall stir up litigation, and yet complaints are pretty general that lawyers often stir up strife for contingent fees, the judge continued.

"It is highly unprofessional for anybody to start up a suit if it can be avoided," said Judge Rountree, "and there is a statute which makes it a misdemeanor for a lawyer to start a suit for a contingent fee where he agrees to pay the costs. This is usually avoided by the lawyer instituting the suit forma pauperis. There is nothing wrong about taking a suit for a contingent fee or for instituting a suit as a pauper provided the lawyer does not hunt up the suit. If he is approached about the matter he has the right to institute the suit in whatever manner he deems best."

Judge Rountree read a section of the Revisal, No. 211-B, which makes a member of the bar liable to disbarment if he shall be guilty of fraud or deceit or shall have solicited professional business. He expressed the fear that the latter had frequently been done.

The next matter discussed was that of perjury which Judge Rountree thought was one of the most dangerous and destructive crimes there is to society. Perjury is especially common in cases where a violation of the

(Continued on Page Six.)

JOINT CONFERENCE ASKED

Commissioners and Councilmen May Confer on Budget—Rewards for Capture of Fugitives. Other Matters.

Complying with the request of the County Board of Health, as made in writing by the chairman of that body, that some action be taken on the health budget looking to a settlement of the differences between the Commissioners and the Council so that the health work may not be interfered with, the Board of County Commissioners in adjourned session yesterday afternoon adopted a resolution asking the City Council to meet the Commissioners in joint conference, leaving the date and hour of the meeting to be determined by the Mayor and the chairman of the Board of Commissioners.

The communication of Chairman Willard, of the Board of Health, as submitted to the Commissioners, follows:

"The Board of Health begs to report that they have received a communication from the City Council in which they disapprove of the budget as submitted to your board and reduce several items contained in said budget. The Board of Health asks that some action be taken looking to a settlement of the differences existing so that the health work of the county may not be obstructed."

Hereafter the County Commissioners will offer rewards for fugitives from justice when the sheriff serves notice in writing upon the chairman of the board that he has been unable to capture the fugitive after making diligent efforts to do so, and upon furnishing description of the man wanted. The chairman is authorized, upon the filing of this information by the sheriff, to offer the reward up to $50. Upon motion the clerk of the board was directed to send the sheriff a transcript of the minutes of the meeting bearing upon this matter.

The permanent road committee reported that it was thought inadvisable to adopt as a county road at this time the roadway from Rock Hill avenue to the Northeast river, recently requested by citizens of Rock Hill community.

Auditor Orrell reported that he had paid $10,000 of the $25,000 loan authorized by the board on June 2nd and asked for authority to renew, for not over 60 days, notes for $15,000, which authority was given.

On recommendation of the assistant superintendent of health H. C. Arthur was placed on the out-door poor list, and upon recommendation of the same official the application of G. H. Rogers, of Delgado, was not allowed.

Upon motion of Commissioner Yopp it was ordered that the chief of police ofNewbern be paid $20 for the capture of Haywood and Rachel Pollock, wanted in this county, some months ago.

The chairman was authorized, upon motion of Commissioner Yopp, to write the chairman of the Pender Board of Commissioners in regard to the reported action of the deputy sheriff at Watha Saturday in failing to capture Walter Thomas, wanted in this county for murder, after having an opportunity to do so.

The clerk reported that he had not received any reply to a letter written to Mr. Fred T. Skipper, former clerk of the Recorder's court, with reference to two or three back costs cases.

Assessments on property of R. W. Farmer in block 127, was changed to $1,900 ,and on property of Geo. O. Gaylord to $2,100, same having been erroneously listed.

Chairman Willard was authorized to make a contract with Mr. Meares Harriss as court stenographer, for the ensuing year, suggesting that the reporting of the coroner's inquest be included in the work. The position pays $100 a month.

A communication was read from Chairman J. O. Carr, of the County Board of Education, stating that he had noticed in The Star that Commissioner McGirt proposed that the county drill some deep wells at different points in the county and as the Board of Education is deeply interested in the question he suggested that the Commissioners name a committee to confer with the Board of Education. Chairman Willard named Commissioners McGirt and Yopp and they will meet with the Board of Education this afternoon.

A communication was received from Sheriff Cowan stating that he had appointed Mr. Joe S. Lane for the position of patroling the highways of the county to run down speed violators.

Following the reading of this communication and while Sheriff Cowan was present, Chairman McGirt said that in view of his statement to the board last week that Sheriff Cowan had asked that the Commissioners recommend some one for the place and in consequence Mr. Louis W. Tyndall had been recommended, that he felt that he (Mr. McGirt) was due the board an explanation, especially as the sheriff had stated that he did not make any such request. Mr. McGirt stated to the board that as the board on October 6th had made an appropriation for a deputy sheriff to patrol the roads on motorcycle and that as late as ten days ago no one had been appointed for the place he asked Sheriff Cowan why he had not named some one. The sheriff, he stated, said that he didn't know of anyone for the place and asked that Commissioner to recommend a man. It was in accordance with this request, he said, that Mr. Tyndall was named.

Sheriff Cowan told Mr. McGirt that he misunderstood him, that he did say he didn't know of a suitable person for the place that he could get, but did not ask the board to recommend anyone.

Mr. McGirt further stated to the board that he had endeavored to cooperate with the sheriff in everything looking to the enforcement of law; that it appeared the sheriff did not care for co-operation. As to Mr. Tyndall, he was jailer for two weeks only a short time ago, said Mr. McGirt, and he thought if he could be trusted with a responsible position like this that he was certainly qualified to patrol the highways.

Sheriff Cowan was not present when this last mentioned comment was made, hence he had no statement in reply thereto.

Coupon Sale at Rehder's.

The "Great Coupon Sale" at the big department store of Messrs. J. H. Rehder & Co., was inaugurated yesterday morning and the success of it was assured from the very start. More than $500 worth of merchandise is to be given away and yesterday a number of valuable awards were made—one particularly to a pretty little miss, who captured a $12.50 coat suit and asked the manager of the store not to mention her name for she is going to make her mother proud of it on Christmas. Coupons are given in every department of the st[illegible]ing this sale.

GOVERNMENT WATER EXPERT

Mayor Empowered by Council to Request Public Health Service to Send Man Here—Resolution on Deep Wells.

At the close of a three-hour session, during which nearly every phase of the present and prospective source of the local public water supply was discussed, the City Council yesterday at noon unanimously adopted a resolution empowering Mayor Moore to request of the Surgeon General of the United States Public Health Service, that he send a government water expert to Wilmington and advise the city what steps should be taken to improve the water supply.

Another resolution, introduced at the same time, providing for an appropriation of $3,000 for beginning the work of drilling a battery of deep wells from which to obtain the water supply, received a favorable vote of four to one, but under the rules of the Council it goes over until the next meeting, which will be Wednesday, for passage on its first reading, as objection to its passage yesterday was raised by Councilman Loughlin, who cast the lone vote against it. The resolution in its present shape will not be effective for 10 days after it is passed on final reading. To be effective immediately it must be a health measure and must contain a statement of its urgency.

Mr. M. W. Jacobi, who was a member of the Water Commission which installed the present waterworks system three years ago, was present to make a statement to the Council, so that the public might have the benefit of the explanation, as to why the Commission spent the large amount of money it did on the present water plant. He stated that it was upon the advice of three of the leading experts in the country on the subject. Unfortunately, he said, the Commission was abolished before the plant was completed and consequently the original plans of the Commission, so far as he knew, were never carried out. It was later brought out from Mr. John Sweeney, the engineer at the pumping station, that the plant has never been brought up to the degree of efficiency that was intended for it simply because the city has not made certain improvements that were necessary and which have been asked from time to time ever since the plant was accepted by the city. Mr. Sweeney stated in reply to a question of Supt. W. E. Merritt, that more had been done toward improving the facilities at the waterworks plant under the present administration than under the former. In his remarks Mr. Jacobi said that this city had one of the most modern and complete waterworks plans in the country and if it is properly operated there is no reason why Wilmington should not have as good water as any city. He was very strongly of the opinion that the agitation of the water question is due to a large extent to prejudice and in many cases to ignorance. The fact, as brought out from the remarks of Mr. Jacobi and Mr. Sweeney, that the waterworks system has never been quite completed and therefore has not been given a fair test was information to most of those present and convinced some that there had been negligence somewhere in not bringing the plant up to the highest degree of efficiency of which it is capable.

W. P. Mangum Turner, Esq., emphasized the importance of immediate action by the Council on some proposition looking to the improvement of the water supply and quoted from the files of a local newspaper to show that as far back as June, 1911, right after the new waterworks plant was put in operation, notice was given through the press by the Mayor, upon instructions of the State Board of Health, that all water from the city mains should be boiled before using. Later similar notice was given by the superintendent of health. Mr. Turner referred to this fact, he said, to show that the present condition has existed longer than a certain communication sent to Washington by a local official, would indicate. Mr. Turner said that conditions in Wilmington had come to a pretty pass when school teachers in the public schools have to implore the children to bring water in bottles to school with them because the water that is furnished by the authorities is impure and unsafe. This is done in one of the schools here, he said. He stated that $9,000 a year is now expended by the city for chemicals used in treating the water in addition to the employment of a chemist. Although the chemist makes daily analyses the public does not always get the benefit of what he finds, said Mr. Turner. He said that he did not know whether or not the supply of good water could be obtained from deep wells, but under the existing conditions it appeared that some effort should be made to get the water from this source.

Mr. Turner made an appeal to the Council to do something in behalf of those people who are not able to have a deep well of their own, or buy water, nor have the time to send to the nearest deep well, and therefore have to depend upon the supply that is furnished them in their homes by the city and for which they pay their money. Statistics were cited to show that there had been a decrease in the typhoid fever in Philadelphia and several other cities upon a change of the source of water supply from polluted streams. In conclusion, he again urged immediate action by the board.

Mr. W. E. Worth, who is well posted on the question of water supply, probably knowing more about deep wells than any other man in the city, again gave the Council the benefit of his experience with deep wells, which has been very satisfactory indeed. He firmly believes that Wilmington can get all the good, pure water it needs from wells having a depth of 100 to 200 feet. Mr. R. A. Parsley told of the experience of the Plate Ice Company in getting cold water for condenser purposes at a depth of 78 feet.

Mr. Worth suggested that the city spend about $2,500 in making tests for water. He proposed that several wells about 1 1-2 inches in diameter be sunk on a block to make a test for quality and quantity. He said that a well of this size could be put down in 12 or 15 hours. He estimated that it would cost the city about $25,000 to put in a battery of deep wells that would provide 3,000,000 or 4,000,000 gallons a day. To change the intake and go six miles up the Cape Fear river would cost $350,000 according to estimates of experts here a few years ago, he said. If the intake is to be removed to another point on the river it should be removed to the Cape Fear river, he thought. However, no matter which river the water is obtained from, it will be necessary to treat it, which will be expensive.

Col. Walker Taylor was strongly of the opinion that the Council should ask the United States government to send an expert here and after an in[illegible]gation advise the Council what

(Continued on Page Six.)

OPENING OF CORN SHOW TODAY

First Day of New Hanover Industrial and Fine Arts Exhibit—Many Prizes Offered in Various Contests.

The New Hanover Corn Show and Fine Arts and Industrial Exhibit will open this morning at 11 o'clock with an address of welcome by Mayor Parker Quince Moore to the visitors to the city following which Mr. C. R. Hudson, of Raleigh, will address the farmers and others interested on the important topic of farm demonstration work. The addresses will be in the old Southern Express office building, No. 109 Chesnut street, opposite the postoffice, where the show and exhibit will take place.

The building presented an animated scene yesterday as scores of ladies and men hurried to and fro getting the many exhibits of all kinds into place. Both floors of the building have been utilized for the fair, the Pure Food Store and Corn display being downstairs and the Fine Arts and Industrial Exhibits in the large room upstairs. In the rear of the first floor is the private dining room where meals will be served throughout the day. The front room upstairs has been set apart as a rest room for the ladies.

Many splendid specimens of corn were received yesterday and others will be brought today. Those who have visited the State Fair and the Eastern Carolina Fair at Newbern state that some of these exhibits of ears are superior to anything in the corn line that they saw either at Raleigh or Newbern. There are a number of stalks with six ears to each stalk which came from the county farm. Then there are peanuts of all kinds, potatoes of every description, and all sorts of Fall vegetables.

The Audubon and Holland nurseries have large collections of shrubbery and trees which add much to the attractiveness of the display.

In the room devoted to the display of exhibits under the supervision of North Carolina Sorosis is art work of many kinds, preserves, home made cookeries of every description and other interesting displays. The Pure Food Store contains a magnificent assortment of foods sold in the stores of the city.

The soft drink stand under the supervision of the Coca-Cola people will distribute souvenirs of all kinds to its patrons. These will consist of clocks, purses and a varied assortment of other things.

The business men of the city are invited to take their lunches in the private dining rooms in the rear. Hot oysters and all kinds of home made cookeries will be served. The profits from this department will be used to defray the expenses of the fair.

An orchestra will furnish music until 10 P. M. The building will be heated and kept comfortable, and the people of the city and county are invited to call and see the interesting exhibits.

Tomorrow will be the big day of the fair. Dr. J. Y. Joyner, State superintendent of public instruction, Mrs. J. S. McKimmon, director of the Girls' Canning Clubs, Miss Edith Royster, assistant superintendent of public instruction for Wake county, and Mr. T. E. Browne, director of the Boys' Corn Clubs, will be here and make addresses. These exercises will take place in the Academy of Music, and will begin at 10:30 A. M. The public school children of the county will have a holiday, and are all expected to be here.

The people of the city and county, who are interested in the development of the material resources of this section, have a splendid opportunity to learn something of what has been done during the past year along agricultural lines by the boys, and also what the children of the city have been able to do in the way of industrial development. This is one of the big events of the year for New Hanover, and will be attended by hundreds of people throughout this entire section.

HOTEL ACCOMMODATIONS.

U. C. T.'s Call on Lumberton to Make Some Arrangements.

At its regular meeting Saturday night Cape Fear Council No. 374, U. C. T., discussed at some length the absolute lack of hotel accommodations at Lumberton since the closing some days ago of the Waverly Hotel, and a committee was named to draft strong resolutions urging the business men of Lumberton to make some temporary arrangements for the accommodation of the traveling men until the new hotel, plans for which have been drawn, has been completed and is ready to open, about one year hence. Messrs. W. S. Bunting, W. O. Page and Frank L. Mills were named as the committee.

As a committee of one representing the council, Mr. Page visited Lumberton Saturday morning and had a conference with a number of prominent business men of that place. The business men there realize that the town is being damaged on account of the lack of hotel accommodations and assured Mr. Page that they would do something at once toward giving relief until the new hotel, which will be a credit to the town when completed, is ready to be opened.

Mr. A. B. Croom, Jr., representing the business interest of the council, was appointed to make a short address at the next meeting. Mr. Horace Pearsall, named at a previous meeting, will attend as a delegate from the council the meeting of Atlantic Deeper Waterways Association in Jacksonville, Fla., 18th to 21 of this month. It was decided to have the annual Rally Day of the council on December 27th. The programme is to be arranged later.

In the absence of the Senior Councilor, Mr. W. O. Page, Past Senior Councilor, presided at the meeting last night.

DEATH OF MRS. W. B. FRY.

Passed Away in This City Sunday Night—Funeral at Currie.

Many friends learned with sorrow yesterday of the death of Mrs. Maggie Fry, wife of Mr. W. B. Fry, which occurred at her home, No. 904 Castle street, Sunday night at 10 o'clock. She had been in failing health for some time. She was 27 years of age. Surviving her besides her husband are her father, Mr. John Pierce, of Rose Hill; one brother, Mr. J. B. Pierce, of this city; three sisters Mrs. T. R. Ketchum, of Wallace; and Mrs. A. C. Faircloth and Mrs. A. B. Murchison, of Wilmington. They have the tender sympathy of many friends here and elsewhere in their bereavement. The remains, accompanied by members of the family and friends, will be taken to Currie on the 8:45 train this morning, and the funeral and interment will be in the family burying ground near Currie this afternoon.

A remarkable bargain sale of men's and women's apparel now on at Rehder's.—Advertisement.

THE C. W. POLVOGT COMPANY

"The Store That's Always Busy"

Warm, Comfortable Wearables for These Cold, Breezy Days!

There Are Two Kinds of Ready-to-Wear Apparel.

POLVOGT'S SELL ONE KIND

There is one kind of Ready-to-wear apparel made only to "boost" sales. There is another kind made to "Build Business." POLVOGT'S sell Ready-to-wear Garments of the latter kind — the kind that "builds business." Whether the garment be a Coat Suit, a Dress, a Party Gown, a Coat or a Skirt, the garments purchased at POLVOGT'S are in every way reliable and trustworthy. They are garments designed and sewn to give permanent satisfaction in Style, Fit and Wear. Such garments are the kind you want. See POLVOGT'S assortments this week.

Many new arrivals have been unpacked this week—notably Suits for Misses, in many pleasing styles, showing bright colors in Sash and Girdle effects.

Silk Times Have Changed

Once upon a time women had their "best Black Silk" on Sundays. Today there need to be a half dozen kinds. Today the choice and variety of Silks is bewildering.

Polvogt's Silk assorments have been chosen to meet your demands in kinds and colors. For example, see our Colored Brocaded Silks at $2.50 a yard.

42-inch Colored Brocade Silk Chiffon, $1.75 a yard.
Crepe de Chines and Meteors, at $2.00 a yard.
Colored Broche Charmeuse, at $1.75 a yard.
Colored Figured Crepe Silks, 59c.
Striped Colored Messaline, at $1.00 yard
27-inch Colored Corduroy, at $1.00 yard.
Black Crepe de Chine, 42 inches wide, yard $1.75.
19-inch Brocaded Velvets, in several colors, yard at $1.50.
White Crepe de Chine, 40 inches wide, yard $1.75.

New Scotch Plaids, special yard at 9c
Plaids that are in great demand now for trimming, also for Children's Dresses. We have them in all the bright shades and size checks. The range is very large to make your selection from.
24-inch Brocaded Silks at per yard $2.00
For Cuffs and Collars.
24-inch Bulgarian Silks for trimming, nice selection to choose from at, yard . . $1.00
54-inch Shepherd Check, Special, yard $1.19
The Shepherd Check as you know is very much in wanted vogue—this is an all wool material in black and white checks. Always neat and dressy.
Wash Silks—that don't fear the Tub, at per yard 89c
36-inch White Wash Silks, suitable for Tailored Waists. Navy and black pencil stripe effect. Real dollar value.

COME AND SEE THE NEW FASHIONS AT POLVOGTS——WOMEN'S GARMENTS——READY-TO-WEAR GARMENTS.

Small women and slender figures can be readily fitted, without any effort, in our establishment, because we pay particular attention to their wants. We make this our specialty.

Of course, we have regular sizes, also, but our greatest efforts are based upon producing styles adapted for small women of slender build.

Our Tailored Suits have style and grace, and have distinctive features not seen in garments elsewhere. The woman who has any desire to purchase a Tailored Suit and does not visit our department, has not seen the best there is in Wilmington.

PRICES RANGE $15.00 to $65.00

THE C. W. POLVOGT COMPANY

WILMINGTON'S SHOPPING CENTER

SOCIAL & PERSONAL

Miss Steljes will give private dancing lessons on Tuesday and Wednesday evenings.

* * *

The ladies of St. Cecilia Guild will give an after theatre supper tomorrow evening at No. 115 Princess street. Everybody is invited to attend.

* * *

Mr. and Mrs. E. C. Bessellieu and little daughter, Parralee, left last evening for Washington, D. C., where Mr. Bessellieu goes on business with the Bureau of Entomology of the United States Department of Agriculture.

* * *

The Ladies' Foreign Missionary Society of the First Presbyterian church will hold its regular monthly meeting this afternoon at 4 o'clock in the church parlors. All the ladies of the congregation are cordially invited to be present.

* * *

It is requested by the ladies in charge that all those who expect to exhibit pies and cakes at the Art and Industrial Exhibit have them at the building, No. 19 Chesnut street, by Wednesday at noon.

* * *

Mrs. P. E. Shaw and Miss Maggie West, Leona Knowles and Ada Williams, members of the faculty of the Teachey's High School, spent the week-end here as guests of Mrs. J. G. Carroll, No. 505 Chesnut street.

* * *

The ladies of Sorosis desire that the dining room in connection with the Art Exhibit and Corn Show, No. 19 Chesnut street, be liberally patronized. Oysters and sandwiches will be served. It is from the proceeds of the dining room and pure food counter that the ladies hope to pay the expenses of the art exhibit.

* * *

Many friends in Wilmington and elsewhere throughout the State will regret to learn that Dr. Thos. S. Burbank, one of this city's most prominent physicians, suffered an attack of illness yesterday morning which was at first feared to be a slight stroke of paralysis but later developed not to be so serious. He was reported last night as being greatly improved, his many friends will be glad to learn.

* * *

Invitations have been received by friends in the city reading as follows:
Mr. and Mrs. George Brister Myers
request the honor of your presence
at the marriage of their daughter
Kate Clifford
to
Mr. James L. Lyell
on the afternoon of Tuesday, the
twenty-fifth of November
nineteen hundred and thirteen
at five o'clock
St. John's Church
Wilmington, North Carolina.

HOUSEWIVES' LEAGUE MET YESTERDAY AFTERNOON.

An enthusiastic and largely attended meeting of the Housewives' League was held yesterday afternoon at 4:30 o'clock at the Elks' Temple. A number of new members were enrolled after which the officers elected on Wednesday of last week were installed. The matter considered of first importance was food protection for the city. Printed copies of the laws on the subject were furnished each member, and additional copies will be mailed to all food dealers in the city with the request that they and their employes familiarize themselves with the law and observe its requirements.

A letter was read from Mayor P. Q. Moore. There were many expressions of satisfaction for the comforting assurances of his co-operation and sympathy. Following is the letter:
"Housewives' League:
"I am in receipt of copy of resolution passed at the last meeting of the Housewives' League for which I thank you most sincerely. I congratulate the ladies of the league upon the wonderful fight that they have already made to protect the people of the city from germ laden foodstuffs.
"Trusting that the league will keep up its good work and assuring the members that I wish to co-operate in all matters pertaining to the health of the community, I am,
"Yours very truly,
"P. Q. MOORE, Mayor."

The following letter was read from the Commercial Club:
"Housewives' League:
"We are informed that a number of the dairymen have given notice of a proposed advance in milk to 12 1-2 cents per quart, effective November 1st.
"This matter has been brought to our attention by one of our members but as we regard this as a matter for the adjustment of your organization, rather than one requiring our attention as to the merits of such an increase, we are referring the complaint to you for such attention as you may deem advisable in the premises.
"Yours very truly,
"MEARES HARRISS, Sec'y."

A discussion of the milk situation followed, and it was evident that many of the ladies had been sufficiently interested to get first hand information upon the subject. In order that the league might not do an injustice to anyone a committee of six ladies was appointed for the purpose of going thoroughly into the whole subject. The report of the committee, which will probably be made at the next meeting, will cover the cost of producing and delivering milk, and will likely contain practical suggestions for reducing the cost of production to the local producer.

COUNCILMAN CADWICK, TOO.

It is Stated That He is Willing to Stand by Agreement.

In the card to the public from the County Board of Health, published in Sunday's paper, it was stated that Councilman Loughlin had consistently observed the terms of the agreement entered between the committee of the Board of Health and the Council with regard to the health budget. It was stated yesterday that Councilman Chadwick also should have been included in that statement as he was willing to stand by the agreement.

Mayor Moore stated that he believed that after due consideration the Council as a whole would also see that there is a moral obligation attached to the agreement and would decide to stand by its provisions. He expressed the hope that they would.

Weekly Meeting of Ministers.

The regular weekly meeting of the ministers of the city was held yesterday morning at 10 o'clock at the Y. M. C. A. All of the ministers were present with the exception of Rev. W. E. Cox, who was kept at home on account of illness. Rev. Dr. Wm. H. Milton read an interesting selection from a book by Mr. J. Neville Figgus entitled "Civilization at the Crossroads." This was discussed by a number of the ministers. Several other matters were also taken up, but there was no action on anything of public interest.

LOCAL DOTS.

—An observant citizen yesterday adverted to the fact that November 10th was the 15th anniversary of the Wilmington revolution.

—The handsome High School building at Chadbourn, caught fire in some way early yesterday morning, but from best reports little damage was done.

—The store of Mr. Oscar High in Whiteville, is reported to have been broken into during Sunday night, $4 in cash stolen and doubtless a lot of merchandise that could not be missed out of the general stock.

—The negro whom Sheriff Cowan sent to Elizabethtown Friday to identify a negro arrested there, supposed to have been Joe Humphrey, wanted here for murder, returned Sunday. He found that the negro under arrest was not the man wanted, and he was released.

—Mr. Samuel B. Parker has taken a position as special agent for the Germania Life Insurance Company, of New York, and will travel under the supervision of Mr. William H. Baxley, manager for the Carolinas for this company.

—Just to show the veteran fishermen of the city that he could do it, Mr. J. W. Freeman recently went down to Wrightsville Beach and caught a 40-pound drum, the largest of the season to be caught at that point, and the second largest for this entire section.

PERSONAL PARAGRAPHS.

—Mr. C. C. Stofer, of Whiteville, was in the city yesterday on business.

—Mr. S. A. L. Johnson, of Abbottsburg, was a visitor in the city yesterday.

—Mr. G. H. Currie, of Clarkton, was a business visitor in the city yesterday.

—Mr. W. D. Huhn, a popular young business man of Burgaw, spent last night in the city.

THE RECORDER'S COURT.

Several Gambling Cases Tried Yesterday—Road Sentences for Two.

The Recorder's time in court yesterday was taken up principally with gambling cases. Officer H. G. Bullard broke up a card game Sunday at the home of Priscilla Foy, colored, in which it was alleged that a half dozen or more negroes were gambling for money. Priscilla was tried for keeping a gambling house, and sentenced to serve three months on the county farm. She appealed to Superior Court and gave bond in the sum of $50.

Five of those in the game were arrested and were tried yesterday. John Grady was also tried for vagrancy. Judgment was suspended in the latter case but he was given three months on the roads on the former charge as he is said to be an old offender. Hunch Hollis and Warren Dixon, who have been in court before, were fined $10 and the costs. Jim Wells and George Walker, not having been in court before, got off by paying the costs.

John Coley and Idell Rushing, young white men, plead guilty to gambling, and judgment was suspended upon payment of the costs. They together with several other young men were "shooting craps" under a shining electric light Saturday night when Officers George and Jacobs came along. The others scattered to parts unknown, leaving them to hold the dollar which was the stakes.

John Williams, white, and William Smith, colored, engaged in an affray Saturday afternoon, and each had to pay half the costs in the case against them. Two were up for being drunk and got the usual fine and paid the costs.

THE KNEISEL QUARTETTE.

Rare Treat in Store for Music Lovers at St. Andrew's Saturday.

The Kneisel Quartette, one of the leading musical attractions of the country, which is now touring the South, will be the third number in the Lyceum Course given under the auspices of the Brotherhood of St. Andrew's Presbyterian church, and will be here Saturday night. This is the 29th season of the quartette and the appreciation of its work in the field of music is evidenced by the large number of cities demanding series of from three to six concerts. They have toured the continent four times and three highly successful series of engagements have been given in London and the principal European cities. They stand at the forefront in musical circles, and the people of Wilmington are fortunate indeed to have the privilege of hearing them in this city.

LOADING CARGO.

Ship to Carry Near Twenty Thousand Bales of Cotton.

The British steamship Holtye, Captain Roff, 2,714 tons, is loading at the warehouse of Alexander Sprunt and Son and will probably carry the largest cargo of cotton ever shipped from this port in one bottom. The hope of the captain is to place 20,000 bales aboard and in order to do this he has confessed that he would even store a few away in his cabin. The usual number of bales in a cargo is between ten and twelve thousand.

Shot at His Brother-in-Law.

Mr. J. P. Pierce went to the home of his brother-in-law, Mr. W. D. Orr, on third street, to collect some money which he said that Orr owed him, and when he was told that it was impossible to pay the debt he then pulled out a pistol and shot at Orr. The bullet, Orr said, passed through his trousers narrowly missing one of his legs. Orr came down to the police station to swear out a warrant and was followed by Pierce who gave himself up. It is stated that he does not deny the shooting but says that he bullet didn't go in the vicinity of Orr. He was unable to give bond, and had to be placed in the city prison. A sister of Pierce died Sunday night and the funeral will be held today, which makes his unfortunate condition peculiarly sad.

Makes Face Young—Tightens Love Ties

("Aurilla," in Woman's Sphere.)

A fretful expression, a wrinkled face and a faded complexion, do more to drive the male members from home than is commonly supposed. It was one of my greatest difficulties to appear smiling, fresh and elegant when my dear ones were with me. But I have overcome all that. I have changed my mental attitude and I now find it second nature to look cheerful. Due partly to this, partly to a remarkable treatment recommended by a friend, my appearance has so improved I look fifteen years younger than before.

A simple face lotion made by dissolving an ounce of powdered saxolite in a half-pint witch hazel, proved a wonderful wrinkle-chaser. I still use this occasionally. To renovate my complexion I purchased an ounce of ordinary necrolized wax at my druggist's, and before using this up, a marvelous transformation had taken place. It was like removing an unsightly mask, revealing a new face, a youthful complexion of distinctive delicacy, clear, white and velvety. I merely applied the wax like cold cream before retiring, washing it off mornings. Ten days' treatment sufficed.

(advertisement.)

GOVERNMENT WATER EXPERT

(Continued from Page Five).

is the best thing to be done. He thought that a few days' delay would be better than going ahead and expending $25,000 or $30,000 with a chance of failure. He had no doubt but water could be obtained, but what he wanted light on was the permanency of the supply. He urged that the Council go into the matter with the idea of solving the problem for all time. He agreed with Mr. Turner that it is a crying shame to obtain the water supply from the river and went a step further and said it was criminal. He said that he did not believe that any chemical could purify the water no matter what the chemist said about it.

Mr. W. M. Cumming said that he had had some experience with deep wells and they had not been satisfactory. Chemist Geo. F. Catlett made a few observations as to where the water obtained in deep wells hereabouts comes from. The water is found in layers of porous material—it seeps through the porous rock. At some point, maybe a hundred miles from here, it enters the ground from rains and gets in between these layers. He said there was no question of supply as the rains would furnish it, the question, he said, was that of quality, which would depend upon the natural sand filters. The water that is found hereabouts, he said, comes from a point somewhere just this side of Goldsboro, according to government reports.

Councilman Merritt spoke of the fact that the drilling in a well at the pumping station affected water in a deep well at Mr. Worth's place. Sand and other debris from the upper well would manifest themselves in the lower well. This showed that the water was constantly moving and moving, too, toward the ocean, he said.

Both Mr. J. D. Lowry and Mr. T. W. Callihan, local well men of wide experience, gave the Council some information with regard to rock formation and water supply in this section and both expressed the opinion that good water in ample qunatity can be had to supply the needs of the city. It is likely that both will submit bids for the contract in case it is finally decided to have deep wells.

Mr. A. N. Dubois, a well known chemist, again offered to the Council his process for purifying water. He claims that his process will make the river water 98 per cent pure and offers it to the city for $2,000. The city chemist was asked to confer with Mr. DuBois with regard to the process and make report to the Council.

After some further discussion, the resolution as outlined above were offered by Councilman Wood and following the vote, as stated, the meeting adjourned.

Councilman Loughlin, in discussing the proposed action of Councilmen Wood, Merritt and Jones in insisting upon action on the resolution for an appropriation, said that Councilman Wood had stated that the three Councilmen expected to run the city and he wanted to serve notice on them that if the deep wells prove a failure they will be to blame. Councilman Wood stated, in reply, that the three Councilmen would shoulder the responsibility, but that he wanted to say that he had not made any such statement as Councilman Loughlin attributed to him. What he did say, he said, and what he was quoted as saying was that the three Councilmen would stand together on all propositions looking to what they consider for the best interests of the city and that he said further that the Council would show the Mayor who was in charge of the city government, the Mayor or the Council.

MAKING FINE PROGRESS.

Four of Ten Stories of Cape Fear Hotel Have Been Completed.

Rapid progress is being made on the handsome Cape Fear Hotel, now in course of construction at corner of Front and Walnut streets, and four of the ten stories to be erected have already been completed. If the contractors continue to make such splendid progress they will have it finished in plenty of time for the opening on April 1st, 1914. As the outside work on each story is constructed a large part of the interior work, such as the installation of electric wiring, plumbing, telephone wires, plastering, etc., is also completed so that when the outside work is finished there will not be a great amount of work left to be done. Mr. C. Gresham, one of the proprietors, and one of the best equipped hotel men of the South, will have personal charge of the hotel when it is opened to the public. This means that it will be conducted in a most efficient manner.

FEDERAL COURT TODAY.

Judge H. G. Connor Arrived Last Night to Hold Regular Fall Term.

With Judge H. G. Connor, of Wilson, presiding the regular Fall term of Federal Court will open this morning at 10 o'clock in the court room on the second floor of the Postoffice Building, and will continue in session for the next ten days. Yesterday was the regular day for convening court, and the clerk of the court, Mr. S. P. Collier formally opened the term and then adjourned it until this morning.

Judge Conner arrived last night as did District Attorney H. F. Seawell, of Carthage, and United States Marshall Claudius Dockery, of Raleigh, and Mr. P. A. Mitchell, of Raleigh, deputy office marshall. Many of the jurors and witnesses arrived yesterday, and the remaining ones will come today. The first three days will be taken up with the criminal docket which is a short one. The remainder of the two week's term will be taken up with the civil docket.

DEATH OF MRS. SNEEDEN.

Funeral from Residence on Church Street Sunday Afternoon.

The funeral of Mrs. Esther C. Sneeden, wife of Mr. Walter H. Sneeden, whose death occurred at her home, No. 1417 Church street, Saturday afternoon at 4:30 o'clock, was held Sunday afternoon at 2 o'clock from the residence, conducted by Rev. C. T. Rogers, pastor of Trinity Methodist church. The interment was in the Giles cemetery at Wrightsville. The pall-bearers were Messrs. J. I. Crews, Charles Sumlin, W. R. Bradshaw, M. B. Alford, John Hines and John Carney. She was 25 years of age. Surviving her besides her husband are two small children, one sister, Miss Lizzie Sneeden, and two brothers, Messrs. William and Silas Sneeden, all of this city. Many friends will sympathize tenderly with them in their sad bereavement.

Will Make Plans Today.

Mayor Moore yesterday conferred with the secretaries of the local commercial organizations with regard to plans for entertaining the party of prominent Philadelphia business men who will be in Wilmington for a few hours Tuesday of next week. Committees from the Chamber of Commerce and the Commercial Club will meet with Mayor Moore today at which tentative plans for entertaining the visitors will be made.

SUPERIOR COURT BEGINS

(Continued from Page Five.)

prohibition law is charged, the judge said, and witnesses frequently state that they know nothing about a matter in order that they may save some friend from punishment. Jurors can commit perjury as well as witnesses by failing to perform their duty fairly and impartially as required by their oath.

Sale of Jamaica Ginger.

Judge Rountree said he believed that the prohibition law in this county had been administered as fairly, as impartially and as completely as any other law yet he was afraid that while the liquor men had gone out of business others have gone into it. The sale of Jamaica ginger even by some of the best druggists under such circumstances that they know or ought to know that it is used as a beverage is altogether too common, the judge said. And it contains alcohol in excess of many of the intoxicating beverages.

As a result of the enactment of the prohibition law we are in danger of developing a lot of dope fiends, the judge said. He called the attention of the jurors to the strict law prohibiting the sale of cocaine. He also charged them that if they knew of any person who had given cigarettes to a boy under 17 years of age that it would be their duty to bring in an indictment.

Regarding a case at the county convict camp where a guard is charged with assault upon a convict because he whipped a convict who was unruly the judge charged them that if they found that he did whip the convict that it would be their duty to return a true bill, and let the matter as to whether it was illegal or not be determined by the courts.

Judge Rountree said he had been requested to give his opinion about certain contracts alleged to have been made in restraint of trade where certain food commodities are being sold, but stated that he was not ready to express an opinion about the matter but probably would do so later in the week.

Cases Disposed Of.

Cases against the following charged with abandonment were nol prosed with leave: Sam Bessant, Tom Turner, Floyd Gurganous, Bailey Johnson.

Entries were made in the following cases: Ernest Jenkins, murder, alias; Sam Hawkins, burglary, alias capias; sci fa, judgment absolute; Theodore Donaldson, larceny, alias capias; John Eady, embezzlement, nol pros with leave; Peter McMillan, assault with deadly weapon, nol pros with leave; sci fa, judgment absolute; Douglas Ewell, retailing, alias capias; Mabel Jones, sci fa, judgment absolute; Joe Humphrey, murder, alias capias; Mrs. Elizabeth VanB. Nichols, embezzlement, alias capias; John W. Holmes, retailing, alias capias.

William Brown was found guilty of carrying a concealed weapon and sentenced to three months on the roads. Walter Guion was found not guilty of vagrancy. Essie Bryant pleaded guilty to a violation of a city ordinance and was sentenced to 30 days in jail with leave to Commissioners to hire her out. Willie Mack entered a plea of guilty to assault with deadly weapon and carrying a concealed weapon, prayer for judgment being continued upon payment of costs. The 11 peddlers sent up from Justice Harriss' court for peddling without license entered a plea of guilty. Prayer for judgment was continued upon payment of the costs. They state that they will not again engage in peddling business. R. S. Haddock, charged with false pretense, entered a plea of guilty to forcible trespass and judgment was suspended upon payment of the costs. Barney Helms, colored, was found not guilty of larceny of some meats.

The grand jury found a true bill against Hattie Buford and William Berry, colored, charged with perjury in connection with testimony before the coroner's jury in regard to the killing of a negro named Nixon by Thos. Dupree. They are in jail. Not a true bill was found against Luther Ward, colored, charged with seduction. He was then released from jail.

TYPE-LOCKING DEVICE.

Mr. J. E. Hewett, of Wilmington, Perfects New Invention.

Mr. J. E. Hewett, of this city, has recently had patented a new invention for locking type forms in a chase by using aluminium slugs instead of wooden pieces as has been the practice in job printing establishments ever since printing by type was introduced to the world. He will within a short time organize a company for the manufacture of the slugs. He has applied for patents in eight different foreign countries.

By using the aluminium pieces which are grooved so as to fit closely together there is no danger of warping nor springing which causes the type to rise up. Aluminium does not rust nor corrode, will not contract nor expand on account of varying temperatures, is light and durable, and is in every way an ideal substance for locking forms. It has been endorsed by several of the leading supply houses of the country.

Mr. Hewett has made a number of inventions besides this one, some of which have already been patented, and he also has several applications for patents on inventions recently perfected by him.

The Quickest, Simplest Cough Remedy

Easily and Cheaply Made at Home. Saves You $2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for $2.50.

Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchial asthma.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pine is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Humidor Linens

"Guaranteed Absolutely Pure Linen."

These very uncommon Linens are made from selected flax, carefully spun, woven, bleached, and finished in the way essential to wearing qualities and distinction. The designs are original. These and the quality of the goods meet the views of the most exacting housekepers.

RALLY IN COTTON MARKET

Prices Broke Into New Low Ground But More Than Regained the Loss—Unsettled Weather in South.

New York, Nov. 10.—After breaking into new low ground for the movement, the cotton market today rallied on covering, and trade buying, with the close firm at a net advance of 8 points on November and of 20 to 23 points on later deliveries.

There was a renewal of Saturday's selling movement early, but offerings were well absorbed below 13c, for the Spring months, and while trading became less active the market ruled very steady later in the day. Liverpool seemed to take a less bearish view of Saturday's ginning figures than had been reflected in the market here at the end of last week, and the local opening was steady, at an advance of 2 to 9 points in sympathy with steady cables.

There was considerable covering as well as some fresh buying, and active months sold 8 to 10 points net higher, right after the call, but offerings were heavy on this bulge, and the market soon weakened.

There was Southern selling, as well as a renewal of liquidation, under which prices rapidly eased off, until active months were about 2 to 7 points net lower. January contracts broke to 12.86, or practically a cent under the recent high record, but around this figure, and 12.96 for March, there was a good demand, much of which appeared to come from trade sources.

As the market rallied, recent sellers began to cover and active months sold 21 to 24 points net higher during the late trading. The bulk of the selling was supposed to be in the way of liquidation, while trade interests and shorts were considered the best buyers.

Private cables from Liverpool said the market there had been steadied by increased demand from English and continental spinners and local spot people said that domestic spinners had been callin considerable cotton on the decline.

The weather South was somewhat unsettled over Sunday, but not enough so to create any fresh sentiment regarding the probable movement of the crop.

Spot cotton, quiet. Middling uplands, 13.40; do. gulf, 13.85. No sales.

Cotton futures closed firm.

LIVERPOOL COTTON MARKET.

Liverpool, Nov. 10.—Spot, in fair demand, prices easier; middling fair, 7.86; good middling, 7.56; middling, 7.42; low middling, 7.20; good ordinary, 6.56; ordinary, 6.22.

Sales, 8,000 bales, including 7,400 American and 1,000 for speculation and export. Receipts, 52,000, including 41,300 American.

Futures closed steady. November, 7.14½; November-December, 7.00½; December-January, 6.99¼; January-February, 6.98½; February-March, 7.00; March-April, 7.00½; April-May, 7.01; May-June, 7.01½; June-July, 7.00; July-August, 6.98¼; August-September, 6.80½; September-October, 6.54; October-November, 6.43¼.

WHEAT MARKET UP.

Chicago, Nov. 10.—Assertions that hot winds had injured the Argentine crop as much as 15 per cent carried the wheat market today to a higher level.

The close, though easy, was ¼ to ⅝ above Saturday night's figures.

Corn finished ⅛@¼ to ⅜c. up, and oats, ¼@⅜ to ½c. off. In provisions, the outcome was a net advance of 2½ to 12½c.

Cash grain:

Wheat—No. 2, red, 95@96; No. 2, hard, 87@87½; No. 2, Northern, 88@88½; No. 2, Spring, 86½@87.

Corn—No. 2, 72@72¼; No. 2, white, 72@72¼; No. 2, yellow, 72¼@72¾.

Oats—Standard, 41¼@41½.

Wheat—May, 90¾; July, 88¾.

Corn—December, 69¾@69¾; May, 70⅝; July, 96¾@69¾.

Oats—December, 38¼@38¼; May, 42; July, 41½.

Pork—January, 20.22½; May, 20.22½.

Lard—January, 10.22½; May, 10.95.

Ribs — January, 10.67½@10.70; May, 10.77½.

FINANCIAL MARKET.

New York, Nov. 10.—Call money, easier, at 3½@4; ruling rate, 3½; closing, 3¾@4. Time loans, easy. Sixty and ninety days, 5; six months, 4¾@5. Prime mercantile paper, 5½@6. Sterling exchange, steady; sixty days, 4.8060; demand, 4.8490; commercial bills, 4.80¼. Bar silver, 57½. Mexican dollars, 46. Government bonds, steady. Railroad bonds, weak.

DRY GOODS MARKET.

New York, Nov. 10.—The opening prices on carpets and rugs for Spring, 1914, made today, showed no change from last season on the leading lines of staples. Some of the higher grades were reduced about 4 per cent. Many carpet buyers were in the market. Cotton goods were quiet. Yarns barely steady. Foreign lines of underwear for Spring are being shown.

Coat suits, boy suits, men's suits, rugs, lamps, ties, hosiery and hundreds of useful articles given away at Rehder's Splendid Coupon Sale.—Advertisement.

TOTAL YEILD OF CROPS

November Crop Report by the Department of Agriculture—Corn Yield the Largest of All and Worth More.

Washington, Nov. 10.—The Department of Agriculture today announced November crop report as follows:

Corn—Production, 2,463,017,000 bushels; acre yield, 23.0 bushels; average farm price 70.7 cents a bushel; quality, 95.8 per cent.; corn in figures of 1912 crop on November 1st, 137,972,000 bushels.

Buckwheat—Production, 14,455,000; yield, 17.2; price, 75.5; quality, 95.5.

Potatoes—Production, 328,550,000; yield, 89.2; price, 69.6; quality, 99.3.

Sweet Potatoes—Production, 55,760,000; yield, 95.0; price, —; quality, 99.4.

Flax Seed—Production, 19,234,000; yield, 7.9; price, 118.7; quality, 101.8.

Tobacco—Production, 903,875,000 pounds; yield, 789.8; quality, 97.4.

Wheat—Price, 77.0; weight, measured bushel, 58.6.

Oats—Price, 37.9; weight, 32.1.

Barley—Price, 54.7; weight, 46.5.

Rye—Price, 63.2.

Hay—Price, 12.20.

The total yield of various crops expressed in percentages of a "full crop," is estimated as follows:

Apples, 44.6 per cent.; cranberries, 70.0; grape fruit, 80.0; grapes, 78.0; lemons, 15.0; limes, 90.0; oranges, 82.2; pears, 78.7; almonds, 50.0; clover seed, 80.5; kaffir corn, 52.8; olives, 76.0; peanuts, 84.3; sugar beets, 89.0; sugar cane, 85.0; walnuts, 77.0.

The yield per acre and total production of tobacco and corn, in the following States were:

Tobacco:

Virginia—Yield per acre, 770 lbs.; production, 151,228,0000.

North Carolina—Yield per acre, 670 lbs.; production, 135,541,000.

South Carolina—Yield per acre, 760 lbs.; production, 33,288,000.

Corn:

Virginia—Yield per acre, 26.0 bushels; production, 51,480,000.

North Carolina—Yield per acre, 19.5 bushels; production, 55,302,000.

South Carolina—Yield per acre, 19.5 bushels; production, 38,844,000.

EGGS—26@27. Good demand.

head; very dull; no sales. Lambs, $1.50 to $2.50 per head.

TURKEYS—Live, on foot, 18 to 20c. per lb.

WILMINGTON PEANUT MARKET.

(Quoted by J. S. Funchess & Co.)

Wilmington, N. C., Nov. 8.

Market—Steady.

North Carolinas—No. 1, prime hand-picked, 80c.; machine-picked, 75c.

Spanish—Prime, hand-picked, $1.00; machine-picked, 90c.

Virginias—Prime hand-picked, 80c.; machine-picked, 75c.

PETERSBURG PEANUT MARKET.

Reported by Rodgers, Plummer & Co., Inc.

Petersburg, Va., Nov. 10.—Spanish—Farmers' new Spanish, 1.15 per bu.

Virginias—Fancy Jumbo, 3¾c. per lb. Fancy Hand-Picked, 3½c. per lb. Extra Prime, 3¼c. per lb. Prime, 3¼c. per lb. Shelling Stock, 2 to 3c. per lb.

Buenos Ayres, Nov. 10.—Col. Theodore Roosevelt this evening delivered an address at the Colon Theatre before the Museo Social Argentina, taking for his subject, "Truths and Half Truths." His speech was a continuation of the recital of his political creed, a portion of which he outlined on November 7th, when he told of the work he and his followers had set themselves to accomplish in the United States.

New York, Nov. 10.—The unfilled tonnage of the United States Steel Corporation on October 31st, totalled 4,513,76 a decrease of 490,018 tons fro tember. This is the tenth consecu monthly decrease this year.

SEVERE SET-BACK IN STOCKS

Quotations Were Scaled Down All Through the Market Yesterday —Genuine Liquidation Writtren Throughout Day.

New York, Nov. 10.—Quotations were scaled down all through the stock market today.

It was the severest set-back of some time with losses among representative stocks, Reading 4 points, at the lowest of the day. The amount of business was small in proportion to the extent of the movement, and the general absence of strong support was disquieting to holders. Even more significant was the evidence of genuine liquidation, which was written all through the record of the day. Conservative investment stocks like Delaware and Hudson, Consolidated Gas, Louisville and American Telephone were sold at concessions. In many cases prices reached the low points since the slump of last June, and in a number of stocks, including Atchison, St. Paul, New Haven, American Telephone and Rubber, low marks for the year were set.

Belief that a crisis is approaching in the Mexican situation was the foremost factor in influencing sentiment. United States Steel's monthly statement of unfilled tonnage was considerably poorer than had been expected. For the first time in nearly two years, unfilled tonnage fell below the 5,000,000 mark, the decrease amounting to more than 3,000,000 tons in the last twelve months. From the copper trade came similarly discouraging news.

Bonds were weak, with severe declines in some issues. Total sales, par value, $1,800,000. United States bonds were unchanged on call. Total sales of stocks, 465,500 shares, including Amalgamated Copper, 48,700; American Tobacco, 900; A. C. L., 100; C. and O., 300; Lehigh Valley, 18,100; Louisville and Nashville, 1,100; Norfolk and Western, 300; Reading, 83,700; Seaboard Air Line, 100; do., pfd., 100; Southern Railway, 800; Southern, pfd., 600; Tennessee Copper, 1,100; Union Pacific, 48,700; United States Steel, 79,000.

SUFFRAGETTE WOUNDED.

Miss Zelie Emerson Perhaps Fatally Injured in London.

London, Nov. 10.—Miss Zelie Emerson, the American suffragette of Jackson, Mich., is lying seriously ill from concussion of the brain, the result of injuries received during a riot during Bow Baths, in the East End of London, this afternoon.

The injury was received on November 5th, but announcement to this effect was not made until today.

Miss Emerson presided on November 5th at the meeting at which the police tried to arrest Miss Silvia Pankhurst. A violent fight with sticks and clubs took place in the course of which Miss Emerson was knocked down with a blow on the head.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. Drives out Malaria, enriches Blood, Builds up the Whole System. 50c.

DAVID'S

Copyright Hart Schaffner & Marx

YOU hear and read a lot about cheap clothes; and maybe you buy some.

You can get more for your money, if you pay $25 for one of our

Hart Schaffner & Marx

suits than if you pay less. If you can afford $25 for a suit you'll be better satisfied than if you pay $18 or $20. It's logical that a maker who wants to put all the value possible into his goods can put in more for $25 than he can for $18 or $20.

If $18 or $20 is all you can afford, don't be ashamed of it; you'll get a suit you needn't be ashamed of, if you buy here.

WILL NOT RECOGNIZE MEXICAN CONGRESS

(Continued from Page One.)

joint resolution will be necessary if the United States finally desides to grant arms on an equality to the disputants.

The President told callers today he had no present intention of saying anything to Congress on the Mexican situation and that he was waiting rather for things to take definite shape as a result of last week's diplomatic parleys before making any move.

Those who have discussed the arms question with the President in the last few days say he seems to be open minded on that point, while a month ago he was firmly set against it.

Secretary Daniels said tonight the President had told him there were not likely to be developments in the Mexican situation that would interfere with the Secretary's proposed trip to the Middle West next week.

Asquith Discusses Question.

London, Nov. 10.—The prime minister, H. H. Asquith, discussed the Mexican question in his annual speech at the Lord Mayor's banquet tonight.

"Our interests in Mexico," said the Prime Minister, "call for vigilant care, but there has been no question of political intervention by Great Britain in the domestic concerns of Mexico, or in the Central or South American States.

"It is no part of our duty to prevent revolutions or control civil wars. The utmost we can do is to give what protection is possible on this coast to British subjects and property. There have been rumors that after the United States had adopted a line of their own in regard to Mexico we took a line calculated deliberately to thwart America. There is not a vestige of foundation for such a rumor.

"We have recognized President Huerta because, having neither the will nor the power to intervene, we were bound to deal with the defacto government. That was on March 31st. Very shortly afterwards we were informed by the government of the United States as regarded the recognition of President Huerta no definite answer could be given except that they would make it some time longer before recognizing.

"Since then there has been no change in policy and no departure of any kind. We have the right to assume that in whatever policy America adopts she will have regard for the legitimate commercial foreign interests in Mexico, as well as her own. There has been an interchange of views with the utmost frankness and cordiality on both sides. Our diplomatic relations with the United States has been for a long time such that with the freest frankneses of discussion on all matters we both feel the fullest assurance that nothing can happen to disturb our common resolve to attain and maintain a sympathetic understanding."

Wheeling to Tuxpam.

Vera Cruz, Nov. 10.—The United States gunboat Wheeling made a hurried departure from Vera Cruz today. She is proceeding to Tuxpam, 145 miles northeast of Vera Cruz, in response to an urgent telegram from the American consular agent, Arthur C. Payne, who advised Rear Admiral Fletcher that 400 rebels were about to attack the town and that a warship was needed to protect the foreign property.

Huerta's Note.

Washington, Nov. 10.—Secretary Bryan tonight made public the note presented by the Huerta Provisional government last night to the foreign diplomats in Mexico City. The note, signed by Querido Moheno, minister of foreign relations, says:

"In conformity with provisions of Article 81 of the Constitution, and in view of the lack of a President or a Vice President, and a Secretary of State and of the Department of Foreign Relations, provisional Presidency devolved upon Secretary of State, and of the the Department of Gobernacion Gen. Victoriano Huerta. Thus, in accord with the will of the Mexican people, manifest in the constitution of February 5th, 1857, there remained established the unquestionable legality of the present government. The Congress and Supreme Court solemnly recognized without objection the new ruler. In this way the three branches of the government continued the functions by whose conduct the Mexican people exercise the National sovertignty. The political programme of the provisional government has been defined perfectly and concentrated on two fundamental propositions:

"To re-establish peace in order that extraordinary elections might be held in compliance with the constitution in order to turn over the executive power to the one designed by the popular will; and to respect and make respected the law.

Call for Elections.

"In compliance with this programme the executive launched a call for elections. Acting in accord with the initiative of the executive and in compliance with constitutional precept, the Congress convoked special elections to be held October 26th, since it was believed that by that time peace successfully would be established in all the Republic and fair elections guaranteed.

"The executive made clear his respect for the other governmental powers, but unfortunately the chamber of deputies attempted in such manner to invade the prerogatives of the executive as to refuse in some cases to recognize the judicial power, and the conduct of some of the members who, shielded by their constitutional exemption from arrest, publicly were fomenting armed rebellion, reached such a pass as to make impossible harmonious action with the executive without which any government would go to pieces. The President was forced to dissolve the chamber of deputies as a necessary measure for the salvation of the Republic foreseeing the state of anarchy which inevitably would have been brought about, and as the Senate alone could not function constitutionality, he declared the Congress dissolved. But he took care immediately to convoke elections to constitute a new Congress, and solely in the meantime, assumed extraordinary faculties in the departments of Hacienda, Gobernacion and War, where such action was indispensable.

Respect Judicial Power.

"It also was a motive of especial care and attention of the ad interim government to respect and uphold the judicial power which continued without any let-up so that the march of public administration has continued without other obstacles than those which a state of internal strife, per force, brings with it.

"The elections of President and Vice President, and of deputies and Senators to the Congress already have been held. Congress will be installed within a few days and in accord with the constitution will pass upon the election of President and Vice President. At the approach of the elections the President learned that his friends were putting him forward for the first magistracy, and as in accordance with article 78 of the constitution he could not be elected legally and as there was no time to make known his views to the friends who were putting his name forward, he made a solemn declaration before the members of the diplomatic corps that the votes for him would be null, and that even in the event that the new Congress should declare him elected President, he would not accept the office.

"The first magistrate called together the candidates of the various parties and repeated the declarations made before the diplomatic corps and called on the candidates that they manifest solemnly that if any one of them should be appointed by the popular vote all the others should collaborate morally and patriotically. And this they did, at the same time manifesting that if none of the candidates obtained the number of valid votes all would co-operate to sustain the constituted government to the end, that the popular candidate will be elected at a more propitious time, when peace would permit citizens freely to cast their votes.

Promises New Elections.

"Now, in view of the fact that through reports which the government has received, there exists a vehement presumption that because of it having been impossible to carry on the voting in the number of polling places, and it is foreseen that said presidential elections will be declared null, he wishes to make known once more and to the whole world, that he will continue exerting himself for the pacification of the country, in order to be able to guarantee the absolute freedom of the new elections which Congress must call. In the same manner he wishes to make known once more that being respectful toward the law he considers himself constitutionally impeded from being validly elected, he will on no account take into consideration the votes which may have been cast in his favor.

"Relying on the solemn offer of the honorable citizens who figured as candidates for the presidency and vice presidency, and sure that the most perfect harmony will reign between the three powers of the union and that the governments of the world will recognize that only the present government can call new elections and guarantee their freedom, he hopes to fill easily within the period which Congress shall designate his sacred duty of consulting the national desire to consecrate by the suffrage of the people the executive who is to rule definitely the destinies of the country."

Diaz Advises Huerta.

Paris, November 10.—General Porfirio Diaz has advised General Victoriano Huerta to retire from the Presidency of Mexico. Two friends of General Diaz, acting by authorization of the ex-President, sent telegrams to General Huerta last week to this effect.

In outlining his attitude General Diaz said that in the present situation of the Mexican people in relation to the United States it was not a question of whether Huerta was the best man for the Presidency, nor was it a question of whether the revolutionists were right or wrong, it was a question of patriotism. He counselled General Huerta to renounce any feelings of personal prestige or power and thus save Mexico from a calamity.

The former President refused to take any hand until now and only as an appeal to Huerta's judgment as to whether his love for his country did not require his renunciation of power in the presence of the increasing pressure of the United States.

General Diaz said to his friends that he would have telegraphed to General Huerta himself only he had thus far taken no direct step in Mexican affairs since he left the country and would prefer to convey his conviction through friends of his and of General Huerta.

Newspapers Applaud Huerta.

Mexico City, November 10.—The withdrawals of silver today from the Bank of London and Mexico, and the National Bank reached the proportions of a formidable run. Lines of people from the paying tellers' windows extended for blocks. Hundreds stood for hours and finally departed with bags of silver coin. These were the only banks paying out silver.

Javier M. Cancino, manager of the National Bank, minimized the importance of the run, saying that less than one million pesos had been withdrawn up to noon today. He explained that most of those who withdrew their money were small depositors.

Victoriano Huerta's declaration to the diplomatic corps indicating he would retain office until after new elections, was applauded today by the Mexican press. The newspapers declared that this stand meets with the approval of the Mexican people.

Are Waiting in Mexico.

Mexico City Mex., Nov. 10.—The acute stage of Mexico's economic situation was manifested today in a long continued run on the banks, nad served to accentuate the fears of the Mexican people. This combined with reports of military operations in different parts of the republic appears to have distracted the public mind for the moment from the possible dangers in the strained relations with the United States.

Among the Mexican officials however, at all the legations and among the better informed business classes, there is anxiety over the situation.

The waiting policy has now been transferred to Mexico City, as General Huerta considers that his note to the diplomatic representatives places the burden of future action on Washington.

The government announced in the afternoon papers that it intended to order the immediate coinage of 50,000,000 of pesos in fifty cents pieces, the coinage recently made legal tender, but there is doubt that this amount can be put out in time to satisfy the public.

The attitude of John Lind, President Wilson's representative, is one of expectancy. He said tonight there had been no further indications of what course the Washington government intended to take.

Another Note to England.

London, Nov. 10.—Walter H. Page, United States Ambassador, today presented to the British Foreign Office another message from President Wilson, the general effect of which is that under no circumstances will the President recognize Provisional President Huerta or any of his acts.

HOMEOPATHIC SOCIETY.

Opens Sessions Today in Atlanta, Georgia.

Atlanta, Ga., Nov. 10.—Physicians from many Southern cities arrived in Atlanta today and tonight ae in attendance at the annual meeting of the Southern Homeopathic Medical Society. The first session will be held at 10 o'clock tomorrow. Dr. W. B. Lorraine, of Richmond, Va., is president of the society; Dr. H. E. Koons, of Danville, Va., first vice president; Dr. M. A. Newman, Norfolk, Va., treasurer, and Dr. Lee Norman, of Louisville, Ky., secretary.

Washington, Nov. 10.—Lieut. A. F. Carter, and Assistant Naval Constructor L. S. Border, U. S. N., have been ordered to proceed to Shanghai, China, to assemble the parts of the Chinese gunboats Monocacy and Palos which have been built at the Mare Island navy yard "knocked down" and shipped to the Far East.

DOINGS OF THE FLEET ABROAD

(Concluded from Page One.)

Frank E. Beatty in command of the visiting battleships Connecticut and Kansas, won the hearts of the Genoeze by sending a detachment of American sailors to witness the landing today of the Italian soldiers returning from Libya. The soldiers were loudly cheered.

When Admiral Beatty later visited the mayor, the prefect and the commanding general all warmly thanked him for his thoughtfulness and invited him and his staff to attend the review of the troops on Tuesday.

The naval fuel ships Jason and Cyclops arrived here today.

Exchange Visits.

Naples, Italy, Nov. 10.—The commanders of the American battleships Arkansas and Florida visited the Duke of Aosta today and were invited to attend a military review to be held tomorrow in celebration of the birthday of King Victor Emmanuel.

The Duke of Abruzzi arrived here on his way to the Aegean sea and exchanged visits with the American commanders.

On Excursions.

Nice, France, Nov. 10.—Six hundred blue jackets from the battleships Utah and Delaware left here today on excursions to various parts of France, Spain and Italy.

Friendly Invasion.

Marseilles, Nov. 10.—In the absence of the mayor, his deputy, Eugene Pierre, went aboard the United States battleship Vermont today to return Capt. George W. Qline's visit.

The city was invaded today by large numbers of blue jackets and marines from both the Ohio and Vermont.

Received by Pope.

Rome, Nov. 10.—Arrangements have been made for the reception by the Pope of the men of the American battleship fleet. The first audience will be held Wednesday and from that on the American officers and sailors will be received in groups.

LONG-LIVED FIGHT FINALLY SETTLED

(Continued from Page One.)

that follows the installation of steel cars, double tracking and improved signals.

The board of arbitration consisted of W. W. Atterbury, vice president of the Pennsylvania Railroad, and A. H. Smith, first vice president of the New York Central for the railroads; Lucius E. Sheppard, senior vice president of the Order of Railway Conductors, and Daniel L. Cease, of Cleveland, editor of the Railway Trainman, for the men, and Seth Low, former mayor of New York and president of the National Civic Federation and Dr. John H. Finley, New York State commissioner of education, as neutrals.

The arbitrators met here September 11th and spent a month hearing witnesses.

FEAR TROUBLE FROM VERDICT

(Continued from Page One.)

the trial many medical experts testified, their opinions varying as to reasons for the crime.

Other witnesses threw suspicion on a woman, Vera Tcheberiak, alleged to be the harborer of criminals.

Anti-Semitic agitators, many of whom are students, are openly inciting mobs to pogroms by affirming that the Jews purchased the verdict.

The president of the court in his summing up observed a tone of moderation, but said that all the evidence pointed to the crime having been committed in the vicinity of Zaiteff Works and not Vera Tcheberiak's flat. He dismissed all the testimony pointing to the Tcheberiak woman and her band.

The jury must consider, he said, whether the possibility of such ritual murders had been proved and if proved Beiliss must be condemned.

Beiliss remained in prison tonight.

RITCHIE IN HARD FIGHT.

Champion Lightweight Gets Decision Over Leach Cross.

New York, November 10.—Willie Ritchie, lightweight champion of the world, defeated Leach Cross, of this city in a ten-round bout which went to the limit at Madison Square Garden tonight.

The ringside weights were announced as Ritchie 137 pounds and Cross 136 1-4.

With the exception of the first round which was even, and the eighth in which Cross had a decided advantage, Ritchie had the honors. In the third round Ritchie knocked Cross down twice, each time for the count of nine. When Cross got up the second time he caught Ritchie with a hard left hook on the jaw. It almost lifted the champion off his feet.

From the fourth round to the end of the seventh Cross received most of the punishment, but he kept Ritchie busy and the fighting all through was hard and fast.

The eighth round was where Cross showed to the best advantage. He landed lefts and rights to head and body and also had the better of the in-fighting.

ELIMINATE FEDERATION.

"Citizens' Alliance" Formed to Put Stop to Strike.

Calumet, Mich., Nov. 10.—An organization to be known as the "Citizens' Alliance" having for its principal objects the ellmination of the Western Federation of Miners from the copper district and the ending of a strike in progress since July 23rd, is forming in the strike zone among men from all walks of life. Several thousand citizens already have signed the membership lists.

The membership pledge denounces the Western Federation of Miners as a menace to the future welfare and prosperity of the district. No disturbance attended the arrival today of imported workmen at the copper range and Isle Royale mines.

BASEBALL TOURISTS.

New York Nationals Defeat Chicago Americans at San Diego.

San Diego, Cal., Nov. 10.—The New York Nationals today defeated the Chicago Americans 4 to 3.

Chicago	101 001 001	3	9 3
New York	010 200 001	4	9 1

Scott and Bliss; Hearne and Meyers.

Trenton, N. J., Nov. 10.—The State Supreme Court here today set aside the conviction of William Haywood, who with two others connected with the Industrial Workers of the World, was convicted on a charge of being disorderly persons in connection with the recent strike of the Paterson silk workers.

FIRST DAY O[illegible]SON.

Big Game Hunters Go Out by the Hundreds.

Buluth, Minn., Nov. 10.—This was the first day of the big game season in Minnesota and Wisconsin and hunters by the thousand were out. More than 400 left Duluth during the night. Reports indicate that deer and moose are plentiful.

New Orleans, Nov. 10.—While delegates to the convention of the United Daughters of the Confederacy, which will be opened here tomorrow, say there will be no fight over the election of the officers, two candidates already are being mentioned for the presidency. They are Mrs. Nathan D. Eula, of Virginia, and Mrs. Daisy McLaurin Stevens, of Mississippi. Many of the delegates arrived tonight and preliminary work of the convention was ready for the opening.

COMING — Fresh car of horses right from the farms of Kentucky. Will be ready for inspection by Saturday. Would be glad to have you come out and look them over. Kentucky Horse and Mule Co. au29-tf

THIS COLUMN is more eagerly scanned each morning by Wilmington men and women than is the most engaging piece of news, local or otherwise, in any part of the paper. You're the loser if your announcement is not found here. One cent a word; minimum charge, 25c. Cash to accompany all orders. oc15-tf

CENT A WORD invested in this column means dollars for the small business man who doesn't care for the larger advertising. Reduction by the week or month. Give it a trial. You reach the people who buy everything from pin hooks to push carts. oc15-tf

UNREDEEMED shot guns, high grade makes, Ithaca, Remington, L. C. Smith, etc., at a bargain, at Uncle Charles' Pawn Shop, 16 S. Front street; 'Phone 642. se18-tf

FOR SALE—Motorcycle. Has been used only three weeks. Cost $200; will sell for $125.00. Chas. C. Hopkins, 18 South Front street. oc21-tf

FOR RENT—Beautiful ten-room house just completed at Sunset Park, half a block from the car line. Every city convenience, perfect sanitary sewer, artesian water, electric lights, granolithic sidewalks, on macadamized street. Conveniently arranged for two families. Fidelity Trust Co., 'Phone 312. au2-tf

FOR SALE CHEAP—A desirable piece of property on Second street, between Chestnut and Grace, 62x127 feet. Apply at once to E. R. Pickard, Queen City Cycle Co. oc19-tf

FOUND ANYTHING? It's a moral obligation you owe the owner to let him know, in this column, pay for the advertisement and receive the property. oc15-tf
